Business Process Impacts when King County Data is no longer in the Judicial Information System

March 2, 2016

Agenda

- Welcome and introductions
- Purpose of meeting
- High level view of Expedited Data Exchange
- Impacts to JIS and Mitigations
- Impacts to business processes and mitigations needed?
- Next steps

WASHINGTON COURTS

Purpose of Meeting

- Provide information and discuss impacts on the future state of our Information Systems as King County discontinues the use of the Judicial Information System.

WASHINGTON COURTS

INH EDR – "Hub Model"

WASHINGTON COURTS

INH EDR - Overview

- The purpose of the Enterprise Data Repository (EDR) is to provide a data source for “statewide shared” information needed between organizations and application systems.
- The JIS Standard for Alternative Electronic Court Record Systems provides the standard for the data elements contained in the EDR.
- The EDR is essential to support the long term strategy of application modernization by both the AOC and courts.

WASHINGTON COURTS

EDR – What does the EDR Provide ?

- Defendant and Individual Case History
- Domestic Violence Inquiry
- Caseload Statistics
- Party Information (person, organizations, officials, etc.)
- Information related to firearms, voter status, mental health, and other dispositions, etc.
- Detention History
- Accounting information specified in the data standards
- Other data needed in a statewide context

WASHINGTON COURTS

Impacts to JIS

- **<u>King County case information will no longer be in JIS</u>.**

This includes:

- Statewide data, such as:
  - Case history,
  - Name searches,
  - Court dates,
  - Orders,
  - Warrants,
  - Accounting, etc.
- Local data, such as:
  - Dockets,
  - Notes,
  - eTicket documents

WASHINGTON COURTS

Planned Mitigation

- STATEWIDE data that is currently in JABS will continue to display for all courts in JABS, but not in JIS.

- Local data that is currently in JABS will only be available for JIS courts.

Business Process Questions

Think about this question:

Which of your **business processes** will be impacted in such a way that you can no longer do your job?

- Does the impact affect:
  - Judicial decision making
  - Public safety
  - Court operations, or
  - Statistical analysis
- Business Process examples –
  - Sentencing a defendant in a criminal matter - Judicial Decision Making and Public Safety
  - Providing public with a copy of the DCH – Court Operations

DISCIS Screens that will be impacted when King County data is no longer in DISCIS								
Id	**Title**	**Command**	**Which Courts**	**Short Description**	**In Jabs Now**	**JABS functionality**	**JIS Link**	**Online Manual Link**
1	**Search Name Duplicate/Search Address Duplicate**	SND /SAD	All	The SND screen uses either an Alpha Weighted or a Phonetic Weighted search type to return a list of names from the database. The Search Type can be changed to broaden or narrow the search results.	N	Person Search	Y	Link
2	**Defendant Name Duplicate/ Defendant Name Address Dup**	DND /DAD	All	The Defendant Name Address Duplicate screens (DND/DAD) search the JIS Person Database statewide for all 'Individual' type persons who are defendants in: - Court of limited jurisdiction non-civil cases (felony, criminal, infraction, probable cause). -Superior court criminal or juvenile offender cases The search starts with the name entered 'NAME*' and will continue thru the entre name database using screen paging.	N	Person Search	Y	Link
3	**Name Duplicate /Name Address Duplicate**	NMD /NAD	All	The Name/Address Duplicate screen (NMD/NAD) searches the JIS Person Database for IN-type persons. IN-type persons include: - Names associated with court of limited jurisdiction or superior court cases. - Names who are linked in a True/AKA relationship or family relationship - Names linked by juvenile departments in Resides With and Responsible Party relationships. - An IN name not associated with any of the above.	N	Person Search	Y	Link
4	**Individual Case History**	ICH	All	A statewide list of all non-restricted case types filed in JIS statewide for Name Code Type IN (individual), regardless of the individual's case participant type.	Y	ICH	Y	Link
5	**Defendant Case History**	DCH	All	A statewide list of JIS criminal and infraction cases filed in the courts of limited jurisdiction and criminal and juvenile offender cases filed in superior courts, in which the individual (in all cases) is the defendant (DEF). The DCH screen is used to view case history and is also used as a screen to access additional information via program function keys. These screen provide access to the other data screens by selecting a case and pressing a function key.	Y	ICH	Y	Link

DISCIS Screens that will be impacted when King County data is no longer in DISCIS								
Id	**Title**	**Command**	**Which Courts**	**Short Description**	**In Jabs Now**	**JABS functionality**	**JIS Link**	**Online Manual Link**
6	**Court Name Case Index**	CNCI	All	The Court Name/Case Index displays a list of cases in one court when a name is entered in the Navigator Name field and a Name Type is entered in the first part of the NmCd field. Only cases for the court identified in the Court field on the Main Menu are displayed. This screen does not display a statewide list of cases. All cases associated with the name entered are displayed plus names greater. This is the equivalent to searching for 'NAME*' where the '*' is a wildcard. Court users are able to enter a different court initial than the one signed on as, thus using the CNCI command for cases in a different court.	N	ICH	Y	Link
7	**Statewide Name Case Index**	SNCI	All	Searches for case indexes (i.e., case listings for a person) can be performed in JIS either statewide using the State Name/Case Index (SNCI) screen or in a specific court using the Court Name/Case Index (CNCI) screen. The SNCI screen gets all cases for a single JIS Individual Person record statewide. Only cases in which the user has case type access are displayed. SNCI is differentiated from DCH/ICH as it does not display cases for related person records (true name and aliases).	N	ICH	Y	Link
8	**Non-Civil Case Inquiry**	NCC	CLJ	The non-Civil Case screen displays the case information, defendant name, address, Date of birth, Gender, Drivers License information, violation with associated plea and findings.	N	Summary Tab	Y	Link
9	**Participant Inquiry**	PAR	CLJ Superior	The participant screen displays all parties for a case (participant type, sequence number, name, begin date, end, date)	N	Participant Tab	Y	Link
10	**Case Docket**	CDK	CLJ	The Case Docket screen provides a chronology of all events on a case (filings, proceedings, warrants, FTA, receipts, collection, etc.) and court case notes.	Y	Docket Tab	Y	Link
11	**Violation Inquiry /Update**	VIO	CLJ	The Violation Screen displays all violations for the non-civil case.	N	Summary Tab	Y	Link
