CASE # 65836-1-1 | 88020-4 Stmt of Add'l Grounds | 65836-1

State of Washington, Respondent V. Phillip Barrera Garcia Jr Appel

Prosecutorial misconduct

I would like to preserve this issue. I dont have the time to do a complete research on this matter. I believe these following complaints occur in my case

Misleading the court

When argueing and urging the court to ruling incorrectly is misconduct. what occured in my case was an incorrect ruling of hearsay, cause of this I was denied my right to cross examine the witness, the courts restrictions on my cross examination denied my right to present a defense as gauranteed by the Sixth Amendment and article

Misleading the jury

Misrepresentation of the law is misconduct. The prosecutor lead the jury to believe that breaking a window is burglary, this is incorrect and not a harmless error. Other issues are improper proedures, insuffiecent evidence. I believe that the prosecutor did this to me out of spite. He was my lawyer in a previous charge. Reckless endangerment 96 100 5966 C-000 412-28. in which we did not get along. He claims he dont remember but I believe he does. His

visits caused discomfort and were unwanted. Wilkins wanted to say more but the prosecutor didnt allow it, because he knew that I would win my case. He ~~quoted~~ stated pg 11 "The state is willing to take the risk that those words dont come out, that we will lose the case, and so be it thats how we proceede to trial."
I am a victim of prosecutorial misconduct I did not kidnap Wilkins and I did not burglarize anybody. I was being chased and I lost control of my car, my life was in danger and I didnt know what to do. I made some bad decisons but I did not commit these crimes. Thank you for your time and I hope you consider my request

Additional Grounds

I would like my charges dismissed or granted a new trial.
