Proposed Bills with Significant JIS Impacts

C. KEVIN AMMONS, ISD ASSOCIATE DIRECTOR
February 28, 2025

SHB 1252 – Pretrial Release

Description: Requires judicial officers to document their rationale for specific decisions on conditions relating to pretrial release.

JIS Impacts: The original bill required courts to submit these orders to AOC and for AOC to allow these orders to be accessible to the public. This would be a very large impact as the JIS does not currently have this ability. The substitute bill does not include this requirement.

Systems Impacted:

SC-CMS EDR New DMS or Repository (?)

SB 5426 / HB 1391 – Court Alternatives for Youth

Description: Aims to improve outcomes for youth by strengthening diversion programs and increasing data recorded about diversion agreements. Expands the age of diversions to 21 years old and removes diversions from criminal history.

JIS Impacts: Update age limits from 18 to 21. Includes new codes, reports, and requirements documentation.

Systems Impacted:

SC-CMS JCS SCOMIS

HB 1460 – Hope Card

Description: Changes to Hope Card legislation to reflect the program as implemented by AOC.

JIS Impacts: Removes items, such as linking to images of all protection orders, that can not be implemented in our current environment.

Systems Impacted:

Hope Card
