OF WASHINGTON, DIVISION ONE

STATE OF WASHINGTON,

102637-4

Respondent,

No: 83378-2-1

V.

MOTION FOR
REMOVAL OF APPELLANT
COUNSEL,
INEFFECTIVE ASSISTANCE

WARREN EUGENE BELL JR.
Appellant, PRO'SE

Comes now PRO'SE APPELLANTE, Requesting the removal of counsel (Richard W. Lechich). Failing to provide effective assistance and attempting to deny appellante access to courts, which has caused a breakdown in communication as well as a delay in appellante due process.

Over the past several weeks counsel has motion the court for RECONSIDERATION against Appellantes request for issues appellante requested be heard in a motion for, 206. Judicial notice of adjudicative facts. Filed on 8/25/2023 Also Filed on 10/20/2023 TOP of PAGE (5) "Mr. Bell also renews his request to amend its statement of "FACTS" because it is not a fair recitation". Although needed, this was not the request made to counsel. Thus, making the attempt of

appellante request go unheard.

Furthermore, (also on page 5) Counsel elected to explain to the Court, "As this court is well aware, an appellante court's job is not to find facts." Then cites case law to this courts effect.

Thorndike V. Hesperian orchards, INC., 54 Wn.2d 570, ECT.

Counsel fails to cite or offer "FACTS" from record on appellants behalf. Counsel's performance is deficient and falls below an objective standard of reasonableness, even after appellante discovers perjury statements from (V.R.P.) court records and shared with counsel, Counsel failed to provide to the court or contest the false and fabricated statements in this courts unpublished OPINION, In doing so, has delayed and denied appellante's due process to BEING heard in a motion filed previously on 10/20/2023 for 201. Judicial Notice of Adjudicative FACTS. (A)(B)(C)(D)(E) And (F).

And for reasons stated above I request this court to grant APPellante's motion.
