Dear Courts of Appeal

CLERK OF COURT OF APPEALS DIV II
STATE OF WASHINGTON

My name is Jeff Trebilcock I am a
prisoner at Airway Heights Corr Center by
know you have heard alot of my case

In fact the whole world knows my case
do to the Bieys of the MEDIA, the judge
the Attorney, C.P.S. CASR. and EVEN my
Attorney, I did not, and could not ever
got a fair trial in this County or any
other county or EVEN this State

I am not guilty of any crims. My family
is suffering deeply from this miss justice
of my family and my self.

I have not EVER been in trouble in my
whole life, NEVER done drugs or drank,
NEVER EVER had a anger problems.

I've always been a law abiding person
I've always tot my children the same
alles I want is what's best for my
children and thats why I have worked
so hard.

A lot wheat wrong in my case

① all of the delays in my case
like 2 YEARS

② my lawyer I didnt know that
he spent so much time with the

(7)

Judges and the prosecuting Attorney
Birth days, BBQ all kinds of get
together (the Good old Boys Club)

③ The way case CPS handled them
Selfs, out side of court, and IN court
they went to my employer and told them
liess and got me fired and a lot more

④ The lack of time my lawyer
spent on my case and with witnesses
and going over all of the evidence

⑤ The Media papper's TV, had me
guilty from the start telling everybody
in the world my address and phone
number and they even gave all
my childrens names right on TV

(3)

⑥ I have had over 100 Death threats on Phone, and in PERSON and my lawyer also has had threats so I am sure the judge had some to but that would never get out I told my lawyer about the threats he told me not to report it that it would not make a difference

⑦ (Sue BARR) Got on TV, when the story broke and said a lot of untrue stuff, lies and more (VERY unjust)

⑧ DR Tolby) VERY biased he also lied in this case so there will be a malpractice case started against him DR WU will be part of it too.

⑨ The same people was involved with these two children when they were taken from the blood mother they also have lied in this case I just pray you see all of this

⑩ Tina Day - CASA worker has lied many times in this case she was taking pictures for the police with out permission threaten my wife and my other children, she told the media that my older boys was abused but they just dont know it (so the media had fun with that) This woman tried to get me and my wife put back in jail by saying that we could put up my 17 year old son from my brother's house that they took from us when we first arrested so we were going there and she called the police and said there were people trying to pick up my child with out permission so a bunch of police showed up and was waiting for us to take us back to jail. Thank God for my other lawyer called us and said stay away (she is a VERY bad woman) she needs investigated just counted how many other families she has done this to (she needs to be stoped)

CASA C.P.S.

11) The Detectives in this case told family and some friends that we are going to put them away no matter what it takes and they are putting us away for a long time. (This is so very wrong) I pray its made right.

12) Tried to buy stuff at store and was Refused Service because of what was said in the paper and TV.

13) I wanted to be tried by my self and not with my wife my lawyer told me it would have cost the County too much money to be tried us seprately he said it would be too hard to find 2 experts it was hard to find one in this case he was not good.

14) I wanted A trial by jury and not by judge. my lawyer said my wife wanted a judge and my lawyer would not go to bed for me. Said our case was too close. Said it would cost the County too much money and gave me no choice.
