COURT OF APPEALS DIV 1
STATE OF WASHINGTON

Court of Appeals Case No.73195-5-1

RECEIVED
SEP 14 2016
WASHINGTON STATE
SUPREME COURT

Request for a 90 day extension of time to file a request for review by the Washington State Supreme Court of an unpublished opinion from the Washington State Court of Appeals - Division 1.

Subject Case is a highly important "Public Interest" Case that involves Administrative Law and Court Judicial Due process of Law as it pertains to Citizen Taxpayers and Municipal Employee rights in the City of Stanwood Washington.

Due to car repair costs exceeding \$10,000 over the last four months, of necessity I request a 90 day extension from the Washington Supreme Court to file a more explanatory Request for Review.

Subject Case is a unusually complex case and I need to obtain the necessary funds and time to obtain an Attorney of high Experience and Competence to handle the matter at the Supreme Court level.

The Case issues of Material fact involve Civil Rights as to Federal, State and Local Municipality Levels and a just Court Decisions will have a profound importance to

all levels of United States Citizenry because it addresses "Public Servant" Corruption affect on the Local taxpayers.

Presidents such as Richard Nixon and William (Bill) Clinton and Also Hillary Clinton progressed from local and State levels to Presidency of the United States and therefore emphasize the Importance of Holding Public Servants properly accountable by "Citizen Taxpayers".

An investigation by Myself and Eight other City of Stanwood Employees in 2004 that would have resolved the MATERIAL ISSUES if investigated at that time would have prevented the escalation of the issues to Court Litigation Status.

In the Court Records are proof that we sought to KEEP THE ISSUE RESOLUTION "IN HOUSE" at the City of Stanwood in 2004, 2005 and 2006.

If the Washington Supreme Court will approve this request it should lead to proving Honest Efficient long time City Employees should be given more attention to requested investigation into higher positioned City Officials actions.

I made this request under penalty of the Perjury Laws of the State of Washington and respectfully request you're much needed approval of it.

P.S. I note here that Attorney Jayne Freeman submitted and, I believe, was approved to submit supplement documents in the Court of Appeals in May 2016, and if given the needed due diligence in association with Attorney Grant Weed several years earlier this request by me may not have been needed.
