Appellate Case # 363252
Sup. Ct case # 1820003086

It seems clear that the appellate court of Washington State does not wish to follow the rules of law in America. Therefore, let's not waste any more time in the State of Washington and move on to Federal Court. The Supreme court has already ruled against this case of grand theft, elder abuse and kidnapping by calling my legal access to the Washington State court system a "frivolous lawsuit." All the while, Kathleen continues to suffer from the conspiracy of the Washington State legal system. This is why there are civil rights to make our claims in an open court of law. Only in that way can there be a record as to what is claimed and what the lower courts intend to do about those claim. It is not sufficient to just "deny" a motion. Especially one which is not made in "legal" (court's term) form. I will state again what my motion is requesting:

1. Provide an attorney to assist Tonnemachers with their claims of in Justice. Kathleen has money to pay for that attorney, just appoint one to follow the law. No attorney will take this case (tried for 3 years) because no attorney will take on your court. Fact. Follow Washington State and Federal law.
- 2 Provide a fair trial for this "vulnerable adult." I recommend that you send it back to the Superior Court in Ellensburg, with the assistance of an attorney. But you have to appoint one. This case should be heard in Ellensburg as Kathleen and Daniel can attend, and Ed Morache can defend.
3. Or you can hear the case in Olympia. There is two much corruption in Spokane.
4. You must by law state the reason you may deny all these motions before the Appellate court. I need them for my future appeals to the US Supreme Court.

Fair trial is all we ask. Please read the decision of the Kittitas Superior Court. What a joke. This is not law it is a tragedy for my mother.
