Said Farzad Vs. Department of Health & Molina
Insurance Company

Re: Supreme Court No:97835-2
Court of appeals No:51340-4-II

Honorable Supreme Court of The State of vWashington:

Due to suspension of my Medical License by the WMQAC, I have been unable to practice in my home country of the USA. As a result I have been serving Refugee children in Southern Turkey from the war zone of Syria and Iraq. I have been attempting to treat their PTSD and prevent them from growing up and becoming terrorists. In the Refugee Camp I do not have access to internet and proper court papers, thus I am communicating on a plane paper. Please accept my sincere apology and postpone my supreme court case until January / 8 / 2020.

Subject: Said Farzad MD, Case 97835-2

Honorable Supreme Court Clerk; the following are my corrected petition, my 9 Exhibits, and request for extension up until January / 8 / 2020. I apologize for all my deficiencies in filing due to my location away from civilization, and not having regular access to the internet and proper court forms. This does not deny the severe injustice which is done on my behalf and being the victim of insurance corporations for simply protecting my patients and the general public.
