1. Year 2012 projected filings are based on the previous five-year filing trends of the various case types in a given court. Any vehicle-related violations (parking, photo-radar and toll citations) that were not entered into the statewide Judicial Information System (JIS) are excluded from filing counts.

2. Need estimates represent the estimated number of judge positions needed, as required by RCW 2.56.030(11). They are based on the previous five years of data for the number of total judicial officers and case resolutions.

† No 2011 staffing survey response received; prior year's figures used for judges, commissioners and magistrates.
