IN GOD WE TRUST

My father once told me about ancient expression in our culture says, "Nature of Scorpio is killing his enemy by shooting his poison, not because he likes to do it, but it is his nature, he was created this way."

He was referring to my husband in the transcripts of hearing, page 6, line 24. Mr. Shapiro, my lawyer is telling court "This is how he conducts." He is also referring to my husband. The family resident has been under different name and has been sold and bought while I am still occupant with our minor children. Darya, 14 and Tiffany, 17 since 1999 when we moved in.

Jordan is apart from us and is currently living with his father who has been diagnosed with incurable bone cancer on 2/14/2014.

I believe justice will done and it comes in different shapes and forms. He abandoned me with four children long before I even filed for legal separation with the help of NW justice in May, 2011. He had a double life, one in Yakima and his strip mall and real estate business and frequent flyer to Vegas and VIP guest to major hotel and casino's he was a high roller. Once I asked his executive manager who booked his hotel penthouse for him. What does it mean? It is for players who use 1000\$ chips and up.

Anyway, back to my brief, the most crucial point that was over looked by two judges so far once during my trial by judge Downing and again in this motion by judge Robinson that was clearly explained by my immigration attorney, Mr. Jay Gairson.

In his declaration that supposedly judge Palmer Robinson had time to read, explain our immigration status and it is E2 and it is for individuals and their family who come here as investor's and it is renewed every two years if they show the business is growing and their investment (strip mall) is growing with at least 15 full time employee. My husband misled the court that he was making only 3000 \$ a month and he was employee of his own shopping center during trial and everybody bought it despite my loud sigh. My E2 visa was once again renewed six months after the divorce, Dec of 2012 even technically I shouldn't be on this visa after divorce and I am happily on my own visa with my 17 year old called U

visa and it is for women who are victim of crime my case domestic violence and my husband did not respect the No CONTACT ORDER. With respect to both Judges the accused I of making up my years of domestic violence emotionally, verbally and physically including when I was pregnant with our third child and he got conviction for it, all this document got here after divorce but Mr. Ed Greenleaf who did the parenting plan accused me of making it up. So, that was one thing brought my credibility under question and I filed document at clerks to correct it, they your divorce is final.

I am requesting to revise it.

Department of child support also estimated his income back in 2010, 100,000.00 annually, same as Mr. Gairson immigration attorney's declaration and it is in clerk's paper. At the trial my 1500.00 lawyer never disclosed that or valued his pension. And Ms. Kathleen Saunders and her firm and 70,000.00 bill did the best for their client as WSBA told me when I put a grievance in for both sides' lawyers and they dismissed all of them.

The child support was reduced to 1050.00 and no alimony no support and a house that was under his friends name and Judge Downing awarded to me.

I am closing with 3 Exhibits

- 1- Sale of Strip Mall after he was diagnosed with cancer 6 months ago and 360,000.00
- 2- The occidental house is free and clear title his lawyer showed in distress and foreclosure, is under new construction for his girlfriend their 3 year old son.
- 3- 401 K and the lawyer email MS .moschetto told me you can open your case with that. With old paycheck from Electrolux where he worked as area manager for 20 years and salary and bonuses of 200,000.00 a year and at the time of trial Ms. Saunders who was not even supposed to be there she withdrew and put her son Brian Ga birth in as a lawyer .
- 4- And proof of fraud about the one and only home I have been living in it since 1999 and moved here when I was pregnant with our fourth child. It has been examined and it is part of Mr. Bridges private investigator report how many times have been sold and bought I also put a complaint in Mr. McKenna office about shady mortgages and that is one of the reason I am still there and fighting for my home there is a flaw in the title.

IN GOD WE TRUST

At the end I read somewhere judges have duty to get involve with their cases it is their duty to ask and to learn in my case immigration status would have been made a tremendous difference and I was devastated when I found out I could be deported because I did not get any part of the strip mall which my visa was depended on.

I wrote a letter to Mr. Obama that was the only thing I cared since I had the custody of our children.

Please stop his operation, don't let it continue as far as I know his current wife Lanett a boresma not the girlfriend and mother of his child Gardena Mendoza who he married so his immigration status won't be jeopardized since he sold it. And Agent Drew Rodman from Home land security has been to our house and asked Jordan about his father. That is his fraud and this will continue since they put the strip mall under new formed Canadian based company and guess who is that his friend and our witness to our divorce Hormuz Bakhtiyari.

Don't let this illegal operation continues also Mohamad Harandie is also in Vegas with him Whose name was on the title of our home and borrowed over 500,000.00 and never paid the bank.

I declare under penalty of perjury under the laws of the state of Washington that foregoing is true and correct.
