(ORHCE)

D.O.B.:

I. Basis

The court has reviewed the record in this case and considered the need for information pertaining to the physical and mental health and the educational needs of the child in order to determine appropriate services and to provide for adequate care for the child who is the subject of this action.

II. Findings

Based on the record to date and on the court's determination that the child is in need of out-of-home placement, the court *finds* that authorization for release of information and for decision-making relating to the health care and educational needs of the child should be granted.

III. Order

The court orders that:

The Department of Children, Youth, and Families (DCYF) has the right to inspect and copy all health, medical, mental health, and education records of the above named child. Where required by state and federal law, the DCYF must obtain the child's consent. Any agency, hospital, doctor, nurse, dentist, orthodontist, or other health care provider, therapist, drug/alcohol treatment provider, psychologist, psychiatrist, or mental health clinic, or health/medical records custodian or document management company, or school or school organization shall permit the DCYF to inspect and to obtain copies of any records relating to the child involved in the case, without the further consent of the parent or guardian of the child.

The court appointed (*Name*) _____ on (*date*) _____ to serve as the educational liaison for the child to carry out the responsibilities described in RCW 13.34.046. The educational liaison may have access to all educational records pertaining to the youth involved in the case, without the consent of a parent or guardian of the child, or if the child is under 13 years of age.

The DCYF or its designee shall have authority and responsibility, where applicable, to notify the child's school that the child is in out-of-home placement; enroll the child in school; request the transfer records; request and authorize evaluation of special needs; attend parent/teacher conferences; excuse absences; grant permission for extracurricular activities; authorize medications which need to be administered during school hours and sign for medical needs that arise during school hours; and complete or update school emergency contact records.

The court further authorizes DCYF or its designee to share and receive information about the child with the child's school and school district and with service providers in order to properly care for the child.

The clerk shall provide certified copies of this order at no cost to the DCYF, at its request.
