No. 37324-6-II  
STATEMENT OF ADDITIONAL  
GROUNDS FOR REVIEW

I, Aaron Dukes, have received and reviewed the opening brief prepared by my attorney. Summarized below are the additional grounds for review that are not addressed in that brief. I understand the Court will review this Statement of Additional Grounds for Review when my appeal is considered on the merits.

Additional Ground 1

There was not sufficient enough counsel on my behalf as for cross examining on witnesses. There was countless of statements and questions left out that I felt should have been addressed accordingly. Again is prejudice and unfair and should be grounds for mistrial.

Additional Ground 2

There was no blood samples took on my behalf to determine if it was truly my blood from a wound on my hand that didn't match or relate to Lawanda Wilson's wounds which left the jury to think (there's blood on him he's guilty) which is unfair and prejudice
