Respondent,

v.

Willie Garza

(your name)

Appellant.

No. 53194-1-II

STATEMENT OF ADDITIONAL  
GROUND FOR REVIEW

I, Willie Garza, have received and reviewed the opening brief prepared by my attorney. Summarized below are the additional grounds for review that are not addressed in that brief. I understand the Court will review this Statement of Additional Grounds for Review when my appeal is considered on the merits.

Additional Ground 1

*My attorney did not inform me of who the witness were! if I would of know I would of given him written questions to ask them, it would of clear alot of this misunderstanding. I was not given ear phones until later during the trial, I have hearing problems. was told by my attorney that the police report was not going to be use during my trial and it was, by the DA, I never had a computer in the apartment a partment, it was in the two bedroom apartment, down stairs. Court reporter given me hateful looks, who out my trial, were notice by the jury*

Additional Ground 2

*Attorney didn't cause examine officer Song about my taking my medication before living my home. (p) Or if I want voluntary, the judge said to the jury when they came out with a hung jury that she would not except that! and for them (jury) to go back in the room and come back with a guilty or innocent verdict, cause a hung jury would cost the county money for a re-trial. also I never lived in Gig Harbor as she said, it was witness who told the DA that I lived in Port Orchard. Attorney did not question officer Song, cause as he said, she is someone he know, a friend*

If there are additional grounds, a brief summary is attached to this statement.

Questions were not ask to witnesses, they were not cross examine, even when I ask my attorney to question them, he refuse by saying that it would hurt me and in my trial.

I was not inform of who the witnesses were for the D.A. if I know I would of wrote the right questions for him to ask.

My character letters from people who know me were not use on my behalf nor witnesses, or pictures, said it would not matter.

My attorney ask me to take a lie detector test so that he would know if I was being honest, that way he could give me 100% defending me.

I was on medication during questioning by officer Song, and was not question by my attorney about my condition when question.

When I told him who the officer was that question me he said: oh I know her she is a nice person.

I ask him to question my daughter + son in law about their daughter behavior, he said it will hurt my case, even when I told him that they would not lie.

My past life was not important either according to him, even my 18 month program at building 9 in Port Orchard, though the VA wasn't important to my case.

Questioning my daughter, had alot to do with my case; but it was not important my attorney.

The judge ordering me to answer yes or no, only to the DA questions. The court reporter making hateful eye contact at me, that gave the jury members a different opinion of me, cause every time a question was ask to a witness she look at me with burning eyes that went right through me.

Over

Judge telling the jury members that she would not except a hung jury verdict cause it would cost the County money for a re-trial.

Many questions were left out that would of clean my name from these false accusation. I could write down all the question that should of been ask if you want.

but right now I am not sure if that is something that you want, sense I never been through this before, so please advise me what all is needed from me.

Thank you

the DA saying things about me that were not true making me look like a monster.

My daughter was molested by her Mother's boyfriend at the age 13 so I know how painful that feels to a parent. there is must that should of being ask during my trial that would of proved my innocent in these false accusation, but no right questions were ask, even though I explain every thing to my attorney with prove to back me up.

I am very protected when it comes to my grand children and my daughter + son in law knows it. I was not given the right to defend my self from such unglyness, but whats done is done, and my concern is my dear daughter going through something she went through years back,

I would never put her through this again, for I love my little family very much. I miss my grand children so much. May the good Lord always keep them save and touch their little hearts, knowing that I have not abandoned them.

P.S. Not all sure what all is needed besides the truth, but there is still much more to these stories that were told about me that are not true.

thank you for your time  
God bless you.
