HB 1096 (5376)	Juvenile firearms crimes	No Position Addresses penalties for firearm and weapon crimes for juveniles. Includes level of crime and mandatory confinement. TM signed in with NP but fiscal concern. Mandatory confinement driven by statute, who pays the state or counties? Should be of concern to Assoc of Counties. If scheduled for another hearing, we will voice concern and provide education and background about current efforts to locally-statewide address DMC. Still NP with concerns and Reg will send list of substantive concerns to TP. If so, the current statute does not have a policy to consider barriers for non-incarcerated parents.

Public Hearing 1/31. Serious fiscal concern over cost of GAL. Do not disagree that GAL should be provided, but it will be at county expense. Minor concerns about drafting.	02/01/2013
HB 1338	Incarcerated juveniles	No Position Relates to life sentences w/o parole for juveniles. Refers matter back to sentencing judge - who may be dead by then (just keep that in mind)! Comment from J Cozza: It appears that the main difference that concerns the courts is that SHB 1338 would place the issue of early release back before the sentencing court, whereas SSB 5064 would place it before the Board (which I assume means ISRB). Keep in mind that a court would be in a difficult position trying to make decisions that are 20-25 years after the sentencing date. The House bill says nothing about rules of evidence, nor procedures for such a hearing. The Senate bill places these decisions before an administrative Board that presumably already has experience in these matters, and allows for procedure to be set up by administrative rule. Still take NP, but prefer SB 5064 which is not a companion, but similar.	03/01/2013

HB 1383 (5452)	Stalking protection orders	Support Establishes the stalking protection order act. Creates a stalking protection order as a remedy for victims who do not qualify for a domestic violence order of protection. Public hearing 2/7/13. DMCJA judges want the definition of prohibited conduct in the stalking order bill to include a provision excluding constitutionally protected activity. I thought they were going to borrow language directly from the anti-harassment statute but I'm not sure what specific provision or provisions they planned to import. The DMCJA judges thought that it needed to exempt constitutionally protected activity the same way that the anti-harassment statute does.	02/01/2013

Concerns from WAJCA identified after presentation at the conf. 3 diversions is too many. It causes the courts to lose integrity of the process. Watch with rec to oppose. Look for amendments.	02/21/2013
		No Position Provides diversion and disposition strategies for youth who face mental health challenges and barriers. Allows an alternative to formal court processing. Concerns from WAJCA identified after presentation at the conf. 3 diversions is too many. Courts to lose integrity of the process. If diversion staff question competency, they have to establish that youth understand conditions or diversion won't be granted. There have been various amendments made after JCAs worked with drafters on concerns. Only remaining concern is that 4(c) implies that counseling would be available but there are no state resources. It sets court up to grant a 3rd diversion for kids whose parents have resources. It is kind of superficial if there are no resources to provide services, which are a critical part of what the bill does.	02/15/2013

SB-5064	Offenses prior to age 18	Support Concerning persons sentenced for offenses committed prior to reaching eighteen years of age, resulting in life w/o possibility of parole. Sent to ISRB to determine parole. Supported by WAPA. Statement by J Cozza: it appears that the main difference that concerns the courts is that SHB 1338 would place the issue of early release back before the sentencing court, whereas SSB 5064 would place it before the ISRB. Keep in mind that a court would be in a difficult position trying to make decisions that are 20-25 years after the sentencing date. The House bill says nothing about rules of evidence, nor procedures for such a hearing. The Senate bill places these decisions before an administrative Board that presumably already has experience in these matters, and allows for procedure to be set up by administrative rule.	03/01/2013

SB 5376 (1096)	Juvenile firearms crimes	No Position Addresses penalties for firearm and weapon crimes for juveniles. Includes level of crime and mandatory confinement. TM will sign in with NP but fiscal concern. Mandatory confinement driven by statute, who pays the state or counties? Should be of concern to Assoc of Counties. M&J Commission requests the SCJA speak against issues that increase DMC. If scheduled for another hearing, we will voice concern and provide education and background about current efforts to locally-statewide address DMC. Encroaches on judicial discretion. Each kid and every case might have unique circumstances and the court should be able to sentence accordingly. FN seems low.	02/07/2013

		Support Establishes the stalking protection order act. Creates a stalking protection order as a remedy for victims who do not qualify for a domestic violence order of protection. Public hearing 2/7/13. DMCJA judges want the definition of prohibited conduct in the stalking order bill to include a provision excluding constitutionally protected activity. I thought they were going to borrow language directly from the anti-harassment statute but I'm not sure what specific provision or provisions they planned to import. The DMCJA judges thought that it needed to exempt constitutionally protected activity the same way that the anti-harassment statute does.	02/01/2013
