Subject: Proposed court rule CrRLJ4.1

Ms. Faulk,

I would like to express my concern on the burden that court rule CrLRJ4.1 would cause our municipal court. Our public defender is usually in court during arraignments but it is not mandatory, and only on certain cases would the prosecutor be present in an in-custody hearing.

This will be a substantial burden on our municipal court.

When there are funded mandates a municipal court never seems to be a recipient.
