---

**Hello,**

My name is Casey Clipse and I am writing you this letter in regards to the proposed new rule APR 28- Limited practice Rule for Legal Technicians.

I am very much for this new rule. I believe it will be very helpful to lawyers that have large case loads and it would be very helpful to those families that work very hard but still come up short when it comes to the fees that are charged for lawyers. Not everyone can afford the types of down payments for legal help.

I believe that there are two wonderful reasons that this rule should be approved:

1. I believe that this will provide the low income families with representation and help they can afford.
2. And this will help define what non-lawyer law practice is and that will help regulate and inform against those that aren't qualified.

Once this is passed not only will it help the families that can't afford legal help but it will put new jobs on the market. This can help those people that can't afford law school and the tuition and fees of long term schooling. They can have something to look forward to and strive for. I believe this rule should be adopted and put into effect as soon as possible.

Sincerely,

*Casey Clipse*
