Subject: apr28 and apr28 regulations

I support the APR 28 rule proposal .I am in favor of paralegal being able to practice family law , Lawyer's don't seem to want to take case's for low income people at reasonable rate's, nor do they want to take payments from low income people. I also believe paralegal's or other trained individuals would be an asset to our legal community. Sincerely ,
LARRY BRIGHAM
