To Whom it May Concern,

My name is Snezana Skrobonja and I am new to practice of law. I passed the Washington state bar in October of 2008. The effect of APR 28 would be to condone the unauthorized practice of law in Washington state. It is unfair to all of the attorneys who went to law school, and put in time and money to gain a valuable education. It would increase competition in the field which is already pretty fierce. Even more importantly, it would reduce the threshold on practice of law and it would inevitably lower the level of representation. These "Legal Technicians" do not have adequate in depth training to provide sufficient service. Furthermore, it would reduce lawyer fees because of the competition and make for lower quality competition. For all the foregoing reasons I strongly oppose adoption of APR 28.

Thank you for your time.

Most sincerely,

Snezana Skrobonja
