Subject: Proposed CrR 4.11

I am writing to support the adoption of the above proposed rule. The positive benefits of this rule, including accuracy and prevention of misunderstandings, would greatly contribute to fairness toward all parties in a criminal case. I am impressed with the revisions and improvements to this rule since its initial introduction, which have resulted in many former opponents now advocating for its passage. I join them in asking for approval of Proposed CrR 4.11.

Thank you,
