Hi Ms. Foster,

This Court is glad to see the proposed amendment to GR 30, because of a disagreement among members of the local Bar about whether the rule applies to service as opposed to filing of documents. The last sentence of the Purpose section is very timely, and appreciated.

The Comment (Purpose) section to Proposed RAP 16.12 contains an incorrect citation to RCW 10.73.140. The subsection dealing with right to counsel is RCW 10.73.150.
