Subject: Alternative proposed changes to RAP 16.7

Please adopt the alternative proposed changes to RAP 16.7. These changes remove obstacles that unfairly doom pro se prisoners from pursuing legitimate PRP's and are necessary to protect the right of access to courts. These changes would also make our State's rule consistent with the majority of other states and the Federal rule which recognize the realities faced by pro se prisoners and the constitutional rights implicated.

Thank you for your time.
