LCrRLJ 6.13(b)  
EVIDENCE - BLOOD DRAW CERTIFICATION

(1) Certification of Qualification to Draw Blood and of Blood Draw Procedure.

(A) Admission of Blood Draw Certificate. In the absence of a request to produce the person who drew blood from the defendant made at least 7 days prior to trial, certificates substantially in the following form are admissible in lieu of a witness in any court proceeding held pursuant to RCW 46.61.502 through RCW 46.61.506 for the purposes of determining whether a person was operating or in actual physical control of a vehicle while under the influence of intoxicating liquors and/or drugs:

BLOOD DRAW CERTIFICATION:

I, \_\_\_\_\_, do certify under penalty of perjury of the laws of the State of Washington the following: I am a (physician) (registered nurse) (qualified technician) and I am qualified by medical training and experience to draw blood from the human body.

On \_\_\_\_\_ (date) at \_\_\_\_\_ (time) I drew \_\_\_\_\_ (number of samples) blood samples from \_\_\_\_\_ (name of person) at the direction and in the presence of \_\_\_\_\_ (name of officer).

I further certify that with each sample the blood draw site was sterilized with a non-alcoholic preparation (betadine) (other \_\_\_\_\_), and that each blood sample was drawn into a chemically clean dry container (hereinafter referred to as blood draw containers) consistent with the size of the sample and sealed with an inert leak-proof stopper. The blood draw containers are known by me to contain a suitable anti-coagulant and enzyme poison sufficient in amount to prevent clotting and stabilize the alcohol concentration. The anti-coagulant and enzyme poison utilized in this blood draw were (sodium fluoride and potassium oxalate) (other: \_\_\_\_\_). To the best of my knowledge, no foreign substances or chemicals, including alcohol, were involved in the blood draw process other than those listed above.
