POSITION PROFILE

The Courts of Limited Jurisdiction Case Management System (CLJ-CMS) project is seeking a Senior Integrations Specialist to assist with building the team that will be responsible to implement a statewide case-management system to support the states district and municipal courts. This position is crucial to ensuring that the technical team is prepared for the integration between the selected vendor and the AOC/Court supported applications.

This position has the primary responsibility to oversee the integration of local court applications with the CLJ-CMS application, ensuring that all integrations are maintained, tested and accurate. This position will participate in design reviews of high risk, high impact statewide systems and services, provide technical mentorship and guidance to system support staff and review work for accuracy and applicability.

Reporting to the CLJ-CMS Project Manager, this senior level position is expected to perform independently and has decision-making responsibility commensurate with the role. This position may interact regularly with executive leadership, agency management, division staff, and court users at all levels.
