PUBLIC COMPUTER DATABASES

Westlaw: A number of databases can be searched in Westlaw for cases, statutes, and administrative materials specific to Native American law. See reference staff for assistance or search for a database using the term “Federal Native American Law.”

HeinOnline: The American Indian Law Collection library includes more than 800 titles on the subject. This digital collection encompasses treaties, laws, administrative decisions, legislative histories, scholarly articles and notable works. Many titles in our print collection can also be found in this digital collection.
