PER CURIAM — A.S. appeals a 14-day civil commitment order, arguing that there is insufficient evidence supporting the court’s finding that she presented a likelihood of serious harm to herself under RCW 71.05.020(35)(a). The State concedes the evidence was insufficient and ask us to vacate the commitment order and remand “for entry of a further order . . . consistent with this opinion.” We accept the concession of error and remand for further proceedings consistent with this opinion.
