

## Amendments to Request for Proposals - RFP 15-01

### Publication of Appellate Court Opinions for Reporter of Decisions

RFP Document	Reference	Amendment
RFP Main Document	RFP, Section 11.2 (Evaluation Team):	The second sentence is amended to indicate that the evaluation team may include both <i>current and former</i> members of the different entities already listed there. As amended, the sentence reads: "The team may include current and former members of the following entities: the Supreme Court, the Court of Appeals, the Reporter of Decisions Office, the Washington Court Reports Commission, other departments in the judicial branch, and employees from other state agencies."
Appendix D	Page 2 ("Subscription List")	The paragraph entitled "Subscription List" incorrectly uses a date of June 1, 2014; the correct date is May 1, 2014. As amended, the sentence reads: "The Reporter of Decisions shall use his or her best efforts to obtain the schedule by May 1, 2014."

Appendix B, Page 25w (Facts Sheet): The facts sheet originally included incorrect information for the current pricing of the official reports, for the average number of pages for the advance sheets and bound volumes, and for the average number of bound volumes per year. The correct information is reflected in this amended Facts Sheet:
