5. **Items for discussion** All

- (a) *How can we develop ways to publicize the committee and the need for security. (Tight budget times gives this question greater relevance.)*

- (b) *What are the resource needs? (We have very little budget but perhaps the associations' BCE representatives could be approached regarding routinely adding court security to their programs.)*

- (c) *Should there be any specialized training for members of this committee?*

- (d) *Should there be a manual with instructions for committee members? (If so, is it the consensus that it would prove helpful and not just be another binder for our bookcases?)*

- (e) *Should we consider pocket cards for all the courts with contact information, similar to red bomb threat cards? (CSIRC question to the committee)*

6. **Other business**
