COURT OF APPEALS
DIVISION II

I, Theresa Hutton, have received and reviewed the opening brief prepared by my attorney. Summarized below are the additional grounds for review that are not addressed in that brief. I understand the Court will review this Statement of Additional Grounds for Review when my appeal is considered on the merits.

Additional Ground 1

my public defense attorney did not use all the evidence I provided him with that I believe was of utmost importance - such as my daughters medical/doctor/WIC records, at the trial. He also did not bring up key points, such as the many false calls made to the police re my daughter + fake instances of abuse emergency trips to the ER, broken arms, etc that never happened + were recorded with the police, etc

Additional Ground 2

The trial should not have been held in Lewis Co at all, as for the past year+ before, I was on the front page of newspapers several times + on TV news stations regarding "animal cruelty" case. I was well-known by all the jurors because of this coverage, + I believe they were prejudiced from the beginning. The judge did not even ask them if they were aware of previous court stuff or charges or whatever re me. a previous conviction of animal cruelty, TV coverage front page headlines, all would pre-prejudice any normal human If there are additional grounds, a brief summary is attached to this statement. towards me. These jurors lived within Lewis Co, a very small county where any news is rare + memorable. Please take this into realistic consideration. Thank you
