STATEMENT OF ADDITIONAL
GROUNDS FOR REVIEW

Appellant.)

I, Naziyk Vishnual have received and reviewed the opening brief prepared by my attorney. Summarized below are the additional grounds for review that are not addressed in that brief. I understand the Court will review this Statement of Additional Grounds for Review when my appeal is considered on the merits.

Additional Ground 1

RCW 2.48.180 (b) is not clear to lay persons.
"non lawyer" means "an active member or person to
whom the Wash Sup Ct. has granted a limited authorization to
practice law but practices law outside of that authorization, and a person
who is not an active member in good standing of the state bar, including
persons who are disbarred or suspended from membership."
As a lay person, I understand the third portion

Additional Ground 2

of the specific section of the statutory definition at (b) was
a qualifying statement. It's usage made no other sense
because "disbarred or those that are disbarred or suspended
from membership" are not active members in good standing
of state bar. I did think that the legislature was more explicit
in its usage of language in statutes

If there are additional grounds, a brief summary is attached to this statement.

As a layperson, I understood the third portion of the specific section of the statutory definition at (b) was a qualifying statement. Its usage made no other sense because those that are "disbarred or suspended from membership" are not active members in good standing of state bar. I did think that the legislature was more efficient in its usage of language in statutes.
