COURT OF APPEALS DIVISION I OF THE STATE OF WASHINGTON

Theresa Ibrahim Gohar

Appellant,

No. 70420-6

VS.

Appellant brief

Samir Aziz Gohar

Respondent.

**TABLE OF CONTENTS**

**Assignments of Errors**

Under federal rule 466 and 467 or similar rules "a person accused of contempt needs to served personally with the order and must be proven guilty before he/she will be punished".

Theresa Gohar was never served personally with the contempt orders and she was punished without evidence or proof of the contempt against her.

**[RCW 44.16.150]**

**Punishment for contempt.**

Any person being in contempt, as hereinbefore provided, shall be punished by fine in any sum not less than fifty dollars and not exceeding one thousand dollars.

Theresa Gohar was punished with a penalty fee that exceeded the fee the law allows as a punishment for the contempt not to be less than \$50 and not to exceed \$1,000. Theresa Gohar was punished with \$1,500 and she does not have an income source other than her maintenance of \$1,400.

## Argument:

The finding of guilt that the mother went to the children bus stop and talked to the children about dissolution according to respondent claims but there was no proof the respondent's lawyers brought to the trial court other than their own words and false claims about Theresa to prevent her from having her unsupervised visits with her children. Theresa Gohar was ordered to do a mental evaluation on November 8, 2012 divorce trial oral order from judge Okrent, Theresa followed the court order and made appointment with doctor Dr. Edward Schau as the court order her to do it with him and she followed all the requirements and did all mental tests requested by the doctor and when Dr. Schau finished the report for Theresa Gohar on March 15, 2013, Theresa's mental report was filed with the trial court on March 18, 2013 by Theresa's past lawyer Mr. Robert, Mr. Robert requested by email after sending Theresa's mental report to the respondent's attorneys to have an immediate unsupervised visits for Theresa with her children but then two day after his requested for unsupervised visitations, Samir's attorney filed a contempt motion with false allegation about Theresa talking to the children about the dissolution at the bus stop. They provided no evidence or proof of their allegations against Theresa to the trial court other than their own words.

Theresa Gohar mental evaluation stated that "there is no reason for Theresa not to see her children".

Theresa Gohar in a good faith requested her supervised visits from Samir's attorneys after her children were taken away from her by the court order on November 8, 2012 but all of her requests were denied, Samir's lawyers claimed that the supervisors are not available and that Theresa cannot have her visits with her children, up to date Theresa Gohar did not have any visits with her children, its one year now the mother did have her visits as the court ordered due to the refusal of Samir's lawyers to allow her to visit her children and now they accusing her by talking to the children about dissolution when she had none visits. If there is someone that is in contempt of the parenting plan and the court orders it is Samir's lawyers that did not follow the court orders that stated the mother to have supervised visits two times per week for a four hours a visit and ordered the father to have control over who supervise the visits for Theresa and her children.

## Statement of Facts

In the parties dissolution of marriage, Theresa the appellant who was a full time mom to her two children from their birth till the last day of trial on November 8, 2012 when the trial judge order the father to have a full custody of the children immediately and the children were taken away from their mother Theresa. Theresa was ordered to have supervised visits only with her children based on the GAL Martha Wakenshaw report and recommendations. The trial judge ordered the father to have the power over choosing who will supervise the visits for Theresa and her children.

On November 8, 2012 the children were taken away from their mother and were put in the farther custody by force and by an oral order of judge Okrent to the father to go take the children from their schools immediately after the trial hearing on November 8, 2012.

Appellant Theresa have requested to have her supervised visitation with her children since November 8, 2012 but due to the refusal of the father's attorneys to allow her to have her visits with her two children she had non visits to date.

Theresa was ordered to do a mental evaluation at trial on November 8, 2012 and the parenting plan stated as follow: "upon completion of the psychiatric evaluation and a report, the mother may motion family court to allow unsupervised visitation".

After Theresa's mental evaluation was completed on March 15, 2013, the report was filed with the trial court on March 18, 2013 (CP 177) and the mental evaluation showed that Theresa do not suffer from the false claims from the children's father and the Guardian ad litem Martha Wakenshaw on the case, Theresa's lawyer at that time MR. Robert requested from Samir's lawyers on March 18, 2013 by e mail an immediate unsupervised visits for Theresa with her children but two days after his request of the unsupervised visits on March 20, 2013 Samir's attorneys have filed a motion and an order for re-contempt against Theresa (CP 179) to prevent her from having her unsupervised visits with her children as the final parenting plan stated "upon completion of the psychiatric evaluation and a report, the mother may motion family court to allow unsupervised visitation" (CP 161& CP 197 section 3.2) and also as her mental evaluation stated that "At this point in time there is no obvious psychological reason for Theresa not to see her children" "her anxiety and mild depressive symptoms (Adjustment Disorder) should abate as Theresa reunites with her children" (CP 177 attached).

In the contempt motion CP 179 page 1 lines 22 to 25, the respondent's attorney claimed as follow: ["Ms. Gohar did not request any visitation with the children until late in December. I am attaching emails between our attorneys, which verify that three volunteer supervisors but Theresa's counsel preferred that she use professional supervisors"].

**The fact** that appellant tried in good faith by phone calls and later by e mail communication with Samir's attorneys to have her visits with

her children but their answer were always the same: ["The supervisors are not available to do the visits"] (attached).

In CP 179 page 3 lines 8 the father claimed: ["the children have been thriving under my care"].

**The fact** that the father did not file anything with the trial court regarding of how well he is take care of the children to date and it was only by words from him and his lawyers that the children are doing well without providing to the court any documents about the children's education, health care, activities and so on. **The fact** that Theresa did file with the trial court documents about the children in her care after their father abandon them in the year of 2011 (CP 148) and the documents is a proof of how they were doing excellent in their health, education, and activities and that was after their father abandons them in the year of 2011 and went to seek his sexual desires with women (CP 143,188).

There was a protection case filed on October 25, 2012 for the two children case # 12-2-01394-1 (CP 188) because of a sexual molestation and abuse from the father (respondent) to his daughter Catherine the 11 years old girl and that happened when she had her visits and sleepover with him during the divorce process and it was before the court order of the children custody to the father on November 8, 2012.

Ordering the children custody to the father was based on the recommendation and the report of the Guardian ad litem Martha Wakenshaw in the divorce case that recommended Catherine to be under her sexually molested father custody and also was based on

the dismissal of the protection case by commissioner Susan Gaer on October 30, 2012, the dismissal of the protection case was based on the false testimony of the GAL Martha Wakenshaw from the divorce case, Commissioner Susan Gaer ignored the CPS and police investigation that were in process and their recommendations to her on October 30, 2012 to keep the protection order for the children's safety until the investigations is complete but commissioner Gaer ignored their recommendations and believed only the GAL from the divorce case.

The police report case # 12-17928 (CP 296) is attached.

++++++

In CP 292 October 30, 2012 transcript page 13 line18 The GAL Martha Wakenshaw claimed about Catherine: ["she had a lot of inconsistencies in her reporting she said two times dad touched her between the legs on her clothing"].

The GAL in October 30, 2012 claimed that Catherine told her that her father touched her in between the legs but later on November 5, 6, 8, 2012 trial transcript the real truth came out that Catherine told her she was touched in her private area and there were bleeding from her genital area (CP 294) November 5,6,8,2012 transcript page 16 lines 4-15 GAL testimony changed, the GAL testified: ["she disclosed that she was touched by her father inappropriately down there"] ["she said it happened twice"] [" she said there was bleeding from her genital area"] [" and she told her mother"].

In (CP 296) Police report on 11-9-2012 (after the children were in their father custody) GAL Martha Wakenshaw written statement to the police: ["on past interview Catherine had disclosed that her mother has shown her the court documents. She did say that her mother now has stopped doing that and she hadn't read my GAL report"]].

In (CP 292) October 30, 2012 protection case hearing transcript page 14 lines 3-6, the GAL claims were different: ["and she also said that her mother told her about my report, that she might be living with her father. And then when - after that was shared, she then disclosed this information"]].

In (CP 296) police report 11-9- 2012 written false statement from the GAL Martha Wakenshaw as follow: ["Ms. Patricia Bundy, commissioner Gaer's clerk was called out to help and eventually had to call security who cleared the area"]. and in November 5, 6, 8, 2012 trial transcript page 30 line 14-18 the GAL was asked: ["did you see any security"] she said: ["I didn't see any"]].

So it is very clear that the GAL Martha Wakenshaw testimony was false and misleading to the trial court and the court approved her recommendations and report with its errors and false claims.

++++++

Theresa Gohar, Appellant requested from Snohomish county superior court a dismissal of the contempt motion and its order or order it to be re- submitted again and be follow by the court rules which require a personal service of the contempt order to Theresa.

Theresa Gohar was not served personally with the contempt order against her for the 10<sup>th</sup> of April 2013 nor for the 25<sup>th</sup> of April, 2013 and under court rule 96.01 contempt proceeding and requirement. This contempt motion should not been heard and it is not a valid motion and order according to the court rules and requirement that the order, motion and affidavit must be served personally upon the respondent.

Theresa gohar filed motion for revision because the contempt motion should not have been continued from the hearing on April 25<sup>th</sup>, 2013 to May 7<sup>th</sup> 2013 and should have been dismissed also she has requested to represent herself and she was denied on hearing April 25<sup>th</sup> of 2013(commissioner Bedle).

Theresa have been told of a possible of prison time at the contempt motion hearing on April 25<sup>th</sup>, 2013 from commissioner Bedle also on the motion for revision hearing on May 3, 2013 from judge Okrent.

Theresa Gohar is not a criminal and it is fair for her to be treated the same as Samir is treated at the trial court or it will be a discrimination

against Theresa as a person that she is treated in a different and unfair way by the trial court.

Samir Gohar had a contempt motion hearing in this case on June 12, 2012 and he was found guilty with evidence of documents and proof of withdrawing Catherine and Matthew college funds. He cashed nearly \$28,000 in securities in violation of the court restraining orders and he did not get a jail time or been told by commissioners and judges at hearings that he can get a jail time as it happen with Theresa also Samir contempt fee was \$1,000 but Theresa's contempt fee on May 7, 2012 that had no evidence or proof of her contempt and this false allegations, the court ordered her to pay \$1,500 fee and Theresa do not have an income source like Samir does and she is living on the maintenance she receive of \$1,400 a month that she have to pay all her living expenses from plus her lawyer fees she had to pay for her own lawyer Robert. Theresa had to pay to the law office of Brewe layman for her own lawyer expenses from December 2012 to April 2013 (5 months) a total of \$16,119.06 Theresa had to withdraw that money from her own IRA account plus the taxes penalty she has to pay for withdrawing early retirement money.

Samir was awarded on November 8, 2012 with the children custody, the parties' house that was bought for \$400,000, the business owned and its land and building that was bought for over \$1,015,000, the

court awarded Samir with the \$ 282,500 of assets from selling the duplex and the business in MA State during the parties' marriage for seven years before moving to WA State plus Samir's 2011 income tax return filed with the trial court (CP 66) shows Samir's gross income in form 8879 is \$1,519,559.

His wages as employee in form 1040 is \$101,674.

Foreign tax credit in form 1116 shows a gross income from all sources at \$ 1,591,376.

In form 4562 tax return it shows a property of \$2,000,000 and a business income of \$145, 531. He is an absentee owner to the

business which means that he does not work there and just manage it. He can easily pay for the supervisor fee but the court order

Theresa to pay it out of her \$1,400 she receive as alimony and also pay Samir's attorney a fee in the amount of \$1,500, plus the court ordered Theresa not to come within 100 yards of the children schools, the children bus stop and the children home.

In this contempt there is no proof or evidence of Samir's allegations and claims against Theresa and the trial court should have dismissed this contempt motion and its order.

\*\*This motion for contempt was filed two times. There was a contempt order on the 10<sup>th</sup> of April, 2013 and another on the 25<sup>th</sup> of April, 2013. Samir's attorneys never served Theresa personally with neither order on 10<sup>th</sup> of April nor on 25<sup>th</sup> of April. The contempt motion against Theresa was not followed by the court rules under 96.01 or similar statues for contempt proceeding and requirement.

Theresa had a lawyer named Robert and he was representing her at that time and he withdrew from her case upon her request on April 11<sup>th</sup> 2013 after she knew that her own lawyer Robert agreed to accept services with Samir's attorneys on her behalf for the contempt order on the 10<sup>th</sup> of April, 2013 and agreed to continue the motion with Samir's attorneys without Theresa's knowledge or consent or approval. Attached e mails that proof she was never personally served with the contempt orders on the 10<sup>th</sup> of April nor the 25<sup>th</sup> of April 2013. This contempt motions was not followed by the court rules and proceedings that Theresa needs to be served personally with the contempt order.

\*\*since the trial oral order on November 8, 2012 Theresa did not have any visits with her children not even one, Samir's attorneys always declining all of her requests. They did give her supervisors' names and she agreed to them, then she was told she cannot have her

visitations with her children and that the supervisors are not available to do the visits.

\*Their respond is simply to prevent Theresa from having her visits with her children by all ways.

Theresa did follow the parenting plan and tried in good faith with the proof of the email communications between her and Samir's attorneys to have her visits with her children but all her requests were denied.

The parenting plan indicated that Theresa to have supervised visits was based on the false report and testimony of the GAL Martha E. Wakenshaw that saw Theresa only once at her house. There was not a neglecting and nonperformance of parenting function on her part, it was the father that left the house, his wife and his two children Catherine and Matthew on September 19, 2011 and their mother took 100% care of them until the trial court oral order that gave the father their custody on November 8, 2012.

Theresa was depending on her lawyer Robert to help her with the children's visitations and the IRA accounts transfer and it was not

solved for months. Theresa did not violate the parenting plan. She tried in good faith to have her supervised visitations with her children as the court ordered but due to the refusal of Samir's attorneys she had none.

The contempt order against Theresa on May 7<sup>th</sup> 2013 was pre written by Samir's attorneys, Commissioner Bedle did not care to read the entire order before he sign it. There was no evidence on the contempt motion allegations. Its false claims and Theresa refused to sign the order with its false claims.

It said on the order that Theresa went to the bus stop and talked to the children about the allegations which is not true. It also said that she unseasonably refused arrangement for supervised visits which is also not true if you look at the attachments communications between Theresa and Samir's lawyers attached pages # 1 to 57(CP262).

It said the mother is unwilling to comply and in bad faith but this is not true.

It's been ordered that Theresa to pay attorney fees of 1,500 to Samir's attorneys, plus she have to pay for the supervised visits fee in order to see her children and she is on maintenance that she pay her own expenses and survive on .

Theresa is not in contempt of the court. She did comply with the final parenting plan plus she had no visitations to her children since the oral order on November 8<sup>th</sup> 2012 to date. She tried to have her visitation in good faith as the court ordered but because of the refusal of Samir's attorneys she had none.

It's also been ordered that Theresa may not come within 100 yard of children schools, bus stop and home and this usually done in a protection order plus there is no evidence Samir's attorneys provided at the hearings to prove their claims about Theresa.

It's clear that Theresa have been ordered and judged on May 7<sup>th</sup> 2013 without any evidence provided of the allegations against her. Under federal rule 466 and 467 or similar rules "a person accused of contempt needs to served personally with the order and must be proven guilty before he/she will be punished" and that did not happen in this contempt motion hearing and its order on May 7th, 2013 nor the hearing on April 25, 2013.

Theresa did motioned for revision to the trial court to dismiss the contempt motion and its order that is based on no evidence provided of these false claims against Theresa and the bus stop allegations but it was all denied.

April 25, 2013 contempt hearing transcript  
(commissioner Arden J. Bedle)

In the transcript page # 3 lines 12 to 14:

THE COURT: ["Ma'am, you are being brought in for contempt. A consequence of contempt may be to place you in the county jail"].

The fact that Theresa have been told by commissioner Bedle she may be placed in the county jail which did not Happen in Samir's contempt on June 12, 2012 when he was found in contempt with evidence and document of cashing the children college funds.

In the transcript page # 4 lines 23 to 25 and page #5 lines 1 to 2:

MS. GOHAR: ["I would like to represent myself"].

THE COURT: ["Are you going to waive the right to a free lawyer?"].

MS. GOHAR: ["I would like to represent and get over with this today"].

In the transcript page # 5 lines 13 to 19:

THE COURT: ["Okay. So you waive the right to a free lawyer then; is that right?"].

MS. GOHAR: ["Waive the right, yeah, because I want to -- I want to discuss this today"].

THE COURT: ["All right. The entry could reflect that this respondent does not wish to be considered for court-appointed counsel"].

The fact that the court written order denied Theresa request to represent herself and be heard at the hearing and in the court written order she was ordered to appointed counsel by the court and that is against her right and request to represent herself (court order CP 201) filed on 04-25-2013 ORDER OF CONTINUANCE to May 7, 2013 and a court appointed counsel for Theresa Gohar .

May 7, 2013 contempt hearing transcript  
(commissioner Arden J. bedle)

Transcript page #3 lines 20 to 22 Samir's attorney,

MS. Katherine PETERSON: ["The beginning of December, we sent a letter to Ms. Gohar trying to set up visitation for her, supervised visitation for her. It was ignored"].

The fact that the letter Samir's attorney sent to Theresa in December was for Theresa to accept Samir as the supervisor for Theresa and her children visits or she will have to pay for a professional supervision on her own expenses and she do not have another source of income other than the maintenance she receive.

In the transcript page #5 lines 24 to 25 and page # 6 lines 1 to 8

Samir's lawyer, MS. Katherine PETERSON: ["These children are thriving. The father -- the day that he was given custody put these kids in weekly counseling, he enrolled them in Camp Fire Club. He is -- he is doing a great job. The son had a weight problem, he was overweight, his weight has come down. The daughter had a weight problem, she was underweight, her weight's come up. These children are thriving, their grades are better, they are attending school like they hadn't been, they had huge attendance problems. They are doing so well with their father"].

The fact that what is said at the court hearing was without any evidence that the children are surviving. Why should the court believe everything the father's attorney say without any evidence?

There were no document ever filed in the court about the children after their father had their custody and no one know the real truth of what is happening to those children for a year now.

In the transcript page #6 lines # 9 to 14:

MS. Katherine PETERSON Samir's attorney: ["Another issue that I -- back before the trial, is Ms. Gohar also filed a motion for a protection order alleging that my client was molesting the children. Martha Wakenshaw investigated that, CPS investigated that, and my client was given full custody of these children. It was obviously untrue"].

The fact the court did not allow the CPS and the law enforcements to finish their investigation in Catherine sexual abuse by her father in the protection case # 12-2-013941 and only approved the GAL Martha Wakenshaw false testimony on October 30, 2012 protection case hearing.

Transcript page # 6 lines 15 to 20:

MS. Katherine PETERSON Samir's attorney: [" Ms. Gohar brought the child to the court that day. Susan Gaer, Commissioner Gaer had Martha Wakenshaw go and she interview the child here at the courthouse, that was back in the end of October or at the beginning

of November. Ms. Gohar interfered with the interview. She wouldn't let Ms. Wakenshaw shut the door of the conference room”].

The fact that Theresa never brought the children inside the court house. The fact that Theresa did not interfere with the GAL and this is all false claims.

Transcript page # 7 lines 1 to 6, THE COURT to Samir’s attorney: [“If I find contempt, what do you suggest be the means of purging the contempt?”].

MS. Katherine PETERSON Samir’s attorney: [“She needs to pay for supervised visits. She needs to pay a hundred percent of professional supervised visits. We -- and she needs to pay attorney's fees, obviously, for Mr. Gohar having to bring this motion”].

Transcript page # 7 lines 14 to 22, MS. Theresa Gohar: [“Okay. So I was not served personally with the Contempt motion that was filed before. And there was an order on (inaudible) of March for order of motion contempt and it's been changed to the 25th of March, and I was also never served with a order of contempt. And that's -- again is rule RCW 7.21.030 or similar status. And also 96.01, contempt proceeding and requirement, this motion should not be heard, and it's not a valid motion according to the court rules and proceeding”].

The fact that the commissioner ignored the court rules that the order of the contempt need to be personally served.

The fact that when Theresa Gohar’s attorney Ms. Michelson filed the contempt motion and order on May 24, 2012 against Samir,

Theresa's attorney served Samir personally with the order even though he had a lawyer that was served.

Transcript page # 8 lines 21 to 25 and page # 9 lines 1 to 10:

THE COURT to Theresa: ["Have you had visits, ma'am?"]

MS. Theresa GOHAR: ["I never had any visits since"].

THE COURT to Theresa: ["And they claim that because you've not cooperated with the process, you've not agreed to their supervisors"].

MS. Theresa GOHAR: ["Well, that's not true. As you can see, Attachment No. 2, there is communication with me and the opposing attorney saying that I was cooperative. I agreed. And they -- then they refuse to let me see my children. And it's not my fault. I was in a good faith trying to do the visitation as it says in the final parenting plan. And if you can see Attachment No. 2, it's a proof, a physical proof, not just by words, that I was trying in a good faith to see my children. I didn't violate the parenting plan, and I'm not contempt"].

The fact that Theresa did not have any visits with her children.

The fact that the commissioner only believed Samir's lawyer ignoring Theresa's proof filed that she tried in good faith to see her children but Samir's attorney refused to allow her.

Transcript page # 8 lines 21 to 25 and page # 10 lines 6 to 17:

THE COURT to Theresa: ["You did or did not go there?"].

MS. Theresa GOHAR: ["I do not go to the bus stop"].

THE COURT to Theresa: ["People saw you there"].

MS. Theresa GOHAR: ["Where is the proof? I need witness"].

THE COURT to Theresa : ["We have declarations from persons who said they saw you there"].

MS. Theresa GOHAR: ["Where are they now? You can't accuse me for -"].

THE COURT to Theresa: ["We don't take their testimony in these cases, ma'am. This is not a trial. This is a motion calendar"].

MS. Theresa GOHAR: ["But there was nothing filed in the court that there is a testimony. Where is that person testimony?"].

The fact that Theresa did not go to the bus stop as Samir's lawyer claimed and she was waiting for her mental evaluation to be done so she can have her unsupervised visits with her children. The fact that the commissioner said there are person's declarations against Theresa but nothing was filed with the court and it seems that this is a fabrication accusation to prevent Theresa from having her unsupervised visits.

The problem is how can the commissioner of the court allow false accusations without a proof and he said there are person's declarations against Theresa but nothing was filed with the court?

MS. Theresa GOHAR: ["Also, I was told that there is a possible of jail time or... I've been told that there is a possible of prison time, of prison time. And I'm not really as they saying, and it's false claim. The petitioner had a contempt motion in this case also on June 12, 2012,

and was found guilty with evidence and documents. And he did not get jail time. And it's fair for me to be treated the same as the petitioner or it will be discrimination against me as a person, and I will only be treated different and unfair way. Also, the opposing counsel is -- they did not ask for a jail time. In this motion, there is no physical evidence, there is no witness, and the court should dismiss this motion. I did not talk with my children about court, and if they have a physical one proof that I talk to my children at the bus stop about the court, as they claim, I would like to see it. And, as I said, this motion was filed two times, and I did not -- I was not served with the contempt motion and it's again as the court rules. Also, this motion was filed two days before my attorney Robert requested unsupervised visits. And it's very clear that the father is not happy with my psychological evaluation, because the psychological evaluation results came out that -- which was done on March 15, it stated that: "At this point of time, there is no obvious physiological reason for Theresa not to see her children. Her anxiety and mild depression are (inaudible) disorder. Should it be as Theresa reunite with her children." The physiological evaluation indicated that I was pleasant and cooperative, which is the opposite of the opposing attorney claim in their declaration, that I did it after repeated request. And that's a false accusation, a physical false accusation in their declaration. As you can see in that physiological evaluation, I was cooperative, not as they claim"].

Transcript page # 12 lines 11 to 25:

Ms. Theresa Gohar: ["the final parenting plan indicated that I may motion for unsupervised visits after the report of my evaluation was done. And the evaluation was done on March 15, and my attorney asked for unsupervised on the 18th of March. And right after that, two days, they filed their motion to prevent me from seeing my children. Until that day, to date I never visit my children. And that's -- again, as the parenting plan, that's actually a contempt of the court, that they never let me see my children. And that's not good for a mother to haven't, a mother. I am a mother, I would like to see my children, supervised or not, but I was not allowed"].

THE COURT to Theresa: ["The requirement of the parenting plan is that it be supervised. You don't like that, and you're ignoring that"].

Ms. Gohar: ["As you can see in Attachment No. 2, please look at it, I agreed to the supervisors they provide. I said yes to the time from 10:00 to 2:00, because they said from 10:00 to 2:00 with (inaudible) supervisor, I said yes, okay, I will. They want me to go 30 minute farther from where I live and the petitioner live, they want me to go to Marysville Library to see my children. I told them, let's take them to Chuck E. Cheese in Lynnwood, where the petitioner live, in Lynnwood. And --"]

THE COURT to Theresa: ["So you refused"].

MS. GOHAR: ["I did not refuse"].

THE COURT to Theresa:[" You refused to go to a location that he was having the supervisor be at"].

MS. GOHAR: ["I did not refuse. We were doing a conversation – “]

THE COURT to Theresa: ["But you didn't do it"].

MS. GOHAR: ["-- as you can –“].

THE COURT: ["There was no supervised visits –“]

MS. GOHAR: ["Because –“]

THE COURT: ["-- on that day –“]

MS. GOHAR: ["Because they didn't let me. They said, I'm sorry, the supervisor was not available to supervise, they claim only not because of the location, Your Honor. They claimed that because of the supervisor can't supervise for four hours, not because of the location. If you look at the declaration and the emails, it wasn't the situation about the location, it was about the supervisor is not available. The supervisor -- I'm sorry, you can't see your children because the supervisor can't be there for four hours. You can't see your children. You can't see your children. For months until this day"].

THE COURT to Theresa: ["Well, wait a minute. Did you accept some time short of four hours?"].

MS. GOHAR: ["They didn't -- they didn't -- they didn't request it. They just keep claiming I can't see my children"].

THE COURT to Theresa: ["Did you ask for short of four hours visits?"].

MS. GOHAR: ["I ask to see my children. I didn't –“].

THE COURT:[" You have not seen your children since December –“].

MS. GOHAR: ["Yes"].

THE COURT: ["-- except perhaps at the bus stop"].

MS. GOHAR: ["I don't care. I would like to see my children half-hour if they let me. They won't let me"].

THE COURT: ["Hmm"].

MS. GOHAR: ["I want to see my children for a half-hour, for 15 minute. Can I see my children for 15 minute only? No, I'm not allowed"].

MS. Katherine PETERSON Samir's lawyer: ["Okay. A few issues here. In terms of the psych evaluation, Judge Okrent's order did say that after the psych evaluation was completed by Dr. Shaw that Ms. Gohar could bring a motion to get unsupervised visits. However, Dr. Shaw's evaluation did not in any way touch the extreme abusive use of conflict issue"].

THE COURT: ["But there is no -- there is no motion before me --"].

MS. PETERSON: ["Okay"].

THE COURT: ["-- to modify based upon --"].

MS. PETERSON: ["Okay. I guess I'm just responding to what she is --"].

THE COURT to Ms. Katherine Samir's lawyer: ["What I'm -- what I'd like you to focus on is the evidence regarding the bus stop visits; and secondly, the issues regarding the supervisors and problems with supervisors, and what was offered and what was rejected"].

MS. PETERSON: Okay.

So the evidence regarding the bus stop visits -- and Ms. Gohar has not denied in any of her paperwork that she went to the bus stop. All

she did -- and her attorney's email states that the only reason she went to the bus stop was because Mr. Gohar was refusing visitation and was only offering himself as a supervisor. It's been acknowledged by her attorney that she went to the -- that she went to the bus stop. That's happened. Ms. Gohar, that was -- by the way, Mr. Miller was her fifth attorney in a little over a year of this case. So in terms of physical proof, the whole problem is she is avoiding supervisors, so there is no proof. She is sneaking around, so there is no proof. That's the whole problem here. She is refusing to be supervised, she is refusing accountability. In terms of the visitation that was -- that we tried to re- -- that we tried to schedule at the Marysville Library, at the last minute, she wouldn't go there. She insisted it be at Chuck E. Cheese. My client said, no, I've already got it scheduled up here with a supervisor. She wouldn't come. She has never said, okay, if you can't -- if the supervisors won't do it for four hours, can I do it for two hours? The other thing is, she is receiving \$2500 a month in maintenance, and she is refusing to pay for a professional supervisor who could do all four hours. And my client has offered to pay for half of that, which he has no reason to do. He has got all of the responsibility for these children on himself. She has bought a brand-new car, I mean, she is living with her parents --]

MS. Theresa GOHAR: ["I didn't -- that's false accusation"].

THE COURT: ["I'm sorry. Is that an objection?"]

MS. Theresa GOHAR: ["Okay"].

MS. Katherine PETERSON: [“She has -- she is living with her parents, her expenses are minimal. She could easily pay for half of the supervisor”].

THE COURT order: [“Thank you. Others commenting in my courtroom will be found in contempt. I find, first of all, that there was service. There was an acknowledgement and receipt of service by her then-counsel who was authorized to do so. Secondly, I find that the mother has violated the terms of the parenting plan by two things. One, I find the evidence supports the fact that she went to the children's bus stop, had unauthorized contact with them there, it was not supervised as was -- what required. Secondly, I find that she violated the terms of the parenting plan by unreasonably refusing the arrangements that were attempting to be made. She will purge her contempt by doing the following. Number one, she will not be within a hundred yards of the home, school, or bus stop of these children at any time for any purpose whatsoever. Secondly, she will -- her visits, until there is other court orders, will be professionally supervised at her expense. The professional supervisor will be the one arranging the time. It may be for some time period less than four hours, and on other days than Wednesday and Monday, if that is what the professional supervisor can arrange. assess \$500 for -- or pardon me -- \$1500 in attorney's fees, which will paid off in the sum of \$300 per month which will be a deduction from the spousal maintenance that's being paid”].

MS. Katherine PETERSON: [“Thank you, Your Honor”].

Theresa Gohar was punished with contempt without any evidence at the hearing and it was all false claims against Theresa without any proof, witnesses, or documents of her contempt.

\*CP 231 filed 05-07-2013 contempt motion hearing.

\*CP 232 filed 05-07-2013 order on show cause.

And all other filed documents and declaration listed above in this brief related to the contempt motion.

---

Theresa filed a motion for revision on May 9, 2013 for the contempt judgment and stated that her attorney Robert accepted service for the order on April 10, 2013 without her knowledge about this agreement between the two lawyers and when she knew about this agreement without her approval. Theresa have requested from her attorney Robert on April 9, 2013 not to accept services without her agree to it (see attachment #1 to # 57 pages # 48& #49 attached) but the acceptance of service was filed with the court on April 10, 2013 a day after Theresa asked him not to accept services without her agreement by e mail. This acceptance of service filed with the court is not valid because it is filed after Theresa asked her attorney Robert not to accept service on her behalf without her agreement (see attachment acceptance of service filed on 4/10/2013).

Theresa requested her attorney Robert to withdraw from her case after she saw in the online court case search that he did file an acceptance of service with the court a day after her request not to accept services without her agreement. Theresa's attorney withdrew from this case upon her request on April 11, 2013(see email pages #50& #51).

Theresa's attorney Robert agreed to accept service for the contempt order April 10, 2013 without her knowledge and approval. Theresa was not personally served with the order on April 10, 2013 nor the order on April 25, 2013. Under RCW 7.21.030 or similar statues, rule 96.01 contempt proceeding and requirement. This motion is not valid and should not been heard without following the court rules and proceeding.

In the petitioner declaration they claimed that commissioner bedle found correctly that Theresa was properly served is not true we had a hearing for the order on contempt April 25, 2013 and commissioner bedle only found that the respondent appeared without a lawyer and order the hearing to be continued upon that reason (see attachment contempt continuance order filed on 4/25/2013) without allowing Theresa to represent herself and explain that the petitioner motion and order is against the court rules and proceeding. Theresa then filed a motion for revision for that order of continuance because the motion and its order should not been continued and should been dismissed according to court rules but she was denied.

On the motion for revision hearing on May 3, 2013 Theresa represented herself and explained that this motion on contempt and its order should be dismissed because it is against the court rules and proceeding and also she have the right to represent herself without a lawyer. Theresa also was told of the possible of jail time from the judge on the hearing for revision May 3, 2013.

The attorney fees awarded to the petitioner attorney was not reasonable and was based on Theresa found in contempt by commissioner bedle without any evidence or proof of the petitioner attorney claims. Commissioner bedle order Theresa with \$1,500 attorney fees and she takes less than that amount as maintenance with a proof of the checks Theresa received from Samir was filed with the court on 5/17/2013.

### **Psychological evaluation:**

The respondent psychological evaluation was done by two professionals. It is by court order respondent do the psychological evaluation with doctor schau. Doctor schau and another mental health specialist took their time and effort to evaluate Theresa. The petitioner is not happy with the evaluation report so he took it to a different doctor to give opinion on the evaluation and that doctor that give his opinion never saw Theresa to evaluate her or do an

opinion on her evaluation is not valid and they filed it with the trial court.

**Evidence regarding contempt:**

The petitioner attorney did not provide any evidence or proof of their claims that the respondent is contempt with evidence of her going to the bus stop and speaking to the children about dissolution. No facts or proof of evidence or witnesses was filed with the court. There was no evidence or document to prove their claim about Theresa at the hearing on May 7, 2013.

There was e mail communication between the two lawyers about the supervised visits arrangement and the petitioner attorney claims about the bus stop allegations but none of these e mail communication was a proof or evidence of the petitioner claims other than the petitioner attorney told Theresa's lawyer about her claims and Theresa's lawyer was trying to set appointment for the her visit with her children but the e mail communications is no proof found of these allegations other than the petitioner attorney Ms. Katherine Peterson own words in the emails.

Theresa was orders not to come 100 yard from children and this is usually done in a protection orders.

Theresa ordered to pay the supervised visitation at her expenses.

The respondent was ordered to pay \$1,500 attorney fee.

Theresa was ordered and judged without any evidence or proof that she is guilty and have done these "false" claims from petitioner attorney.

Under federal court rules 466 and 467 or similar rules a person accused of contempt needs to be served personally with the order and must be proven guilty before he/she is punished.

The petitioner attorney Ms. Katherine Peterson spoke false claims about Theresa to commissioner bedle at the hearing on May 7, 2013. one of their “false” claims is about Theresa bought a brand new car without evidence or proof and the fact that she only own the same old car for years now and it is the only car she own. The petitioner attorney Claim Theresa went to the children bus stop and spoke to the children about dissolution is a “false” claim and it is without any evidence or proof of their claim.

Theresa must not be punished because the petitioner lawyer Ms. Katherine claims and her own words in the e mail communications without no proof and evidence provided.

Theresa did not violate the final parenting plan. she was in good faith and tried to have her visitation with her children and have fun with them in a fun place they always went to with their mother before the oral opinion on November 8, 2012(see email pages #1 & #6 & #8 & #10 & #13 & #15 & #17 & #19 & #21 & #23 & #24 & #26 & #27 & #29 & #30 & #33 & #34 & #37 & #38 & #40 & #52 & #53 & #55).

The petitioner attorney claimed that Theresa refused the supervisors offered is not true. Theresa did contact the petitioner attorney office after the oral opinion by phone calls and they refused to let her visit her children and she was told she have to accept the petitioner to be the supervisor or she pay for a professional supervision and the supervisors they have are not available. And that was found to be true in the e mail and letters communication between Theresa and the petitioner attorney with the same answer from petitioner attorney office (see emails pages # 11& # 14& # 18& # 25& # 28& # 31& # 52& # 54& # 56).

In the petitioner declaration it says on January 9, 2013 Mr. Miller sent an e mail stated Theresa would be using Judy dyer as a professional. I did not get a copy of that e mail from the petitioner attorney all I got is the declaration sent by e mail on May 21, 2013. Also I did not get any e mail from Mr. Miller on that day regarding that supervisor name.

As for a professional supervisor I did only contact Debra at bright beginnings as the law office of the petitioner attorney told me but Judy dyer I did not contact with her it was only that supervisor named Debra that's all( email pages # 36& # 37& # 38& # 40).

**Issues not before the court at contempt hearing:**

Theresa sent a hard working copy of everything she filed with the court to commissioner bedle before the hearing date.

The motion for revision is based on the contempt order filed May 7, 2013, the continuance hearing order on April 25, 2013, and the revision motion hearing on May 3, 2013.

**Attorney's fees:**

Motion for revision was filed with the court on May 9, 2013 and a copy was sent to the petitioner attorney and a hard working copy was sent to civil judge motion department same day it was filed and the motion hearing was set to be heard on May 16, 2013.

The petitioner attorney requested a change of Theresa's hearing day by e mail without providing any evidence of the necessary to change the date other than her own words. Theresa refused.

The petitioner attorney went to a civil judge and was awarded with the continuance of theresa's motion for revision hearing from May 16, 2013 to May 23, 2013 even though the petitioner attorney did not serve Theresa with the motions and declarations for the continue of hearing documents and all documents was filed after the hearing time (see petitioner motions and declaration filed on 5/14/2013) & (see Theresa's declaration and attachment was filed with the court on May 17, 2013).

The motion hearing on May 16, 2013 was not a day the petitioner attorney unavailable at and was not in the unavailability for petitioner attorney filed with the trial court.

The petitioner attorney did not provide evidence and proof of the necessary to change the respondent hearing and she was awarded with the continuance.

The petitioner again requesting attorney fees from respondent of \$500.00 for having to respond to this motion for revision that was filed on May 9, 2013 and was continued upon Samir's attorney request and claims without evidence of unavailability is not valid.

Motion for revision was denied on May 23, 2013.

AGENCY NAME <b>SNOHOMISH COUNTY SHERIFF'S OFFICE</b>	INCIDENT CLASSIFICATION <b>CHILD</b>	INCIDENT NUMBER <b>SO 12-17928</b>
NAME OF ORIGINAL VICTIM(S) <b>GOHAR, CATHERINE M</b>		REPORT DATE <b>10/24/12</b>

**SUMMARY:**

Mother of a student came into the counseling office at Voyager Middle School and reported that her daughter had disclosed her father (living separately) had touched her vagina over the clothing on the previous nights visit. She also said he tries to get her to sleep in the same bed as him, and that this has happened before. CPS responded and developed a safety plan with the mother. SIU was consulted and advised of the case.

**NARRATIVE:**

I am the school resource officer for the Mukilteo School District, contracted from the Snohomish County Sheriff's Office and stationed at Mariner High School.

On 10/24/12 at approximately 1000 hours I was notified by Voyager Middle School counselor Nancy Beck that she had a student and student's parent disclose possibly sexual abuse by the estranged father. I met with Nancy and she told me that Theresa Gohar had come to the school just prior to 1000 hrs and asked for her daughters records for an upcoming court hearing. Theresa asked to talk to Nancy about something her daughter told her the night before (10/23/12). Theresa's daughter Catherine had told her, that during Catherine's visit to her father's house at 2721 116<sup>th</sup> ST SE #A on 10/23/12, the father Samir Gohar allegedly told Catherine to sit next to him on the couch. Catherine told her mother that Samir touched her vagina with his hand, over the top of her clothing; but it made her uncomfortable so she moved away and said no. She also was told that Samir allegedly asked Catherine to sleep in bed with him on numerous occasions.

Nancy told me that she called Catherine down to her office because she wanted to speak with her about what she had heard and needed to call CPS. Catherine came into her office and Nancy asked her to tell her what she had told her mother the night before. Catherine told her the exact same things stated above. She also told Nancy that she found a knife and a bottle marked 'poison' in the bedside drawer of her father's bed.

I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct.

I told Nancy to bring Theresa into one of the available offices so I could speak with her. I asked her what her daughter had disclosed and she shared the same information above. She also told me that she and her husband are going through a divorce and in a custody battle.

I verified the address of the father via Theresa and then called Sgt. Rinta from Special Investigations Unit to advise of the case. He told me that I should call CPS and work out a plan so that they would place the child with the mother and then put a safety plan in place so that the child remains away from the father until the investigation is over. He also advised that they would do any interviewing of the 11 year old and mother, and to provide the initial case report to them so they could follow up.

I called CPS worker Lewis at intake back and explained what I had heard. He told me that he would refer it to the Lynnwood office for assignment to a case worker. Shortly after, social worker Heather Solberj called me. She advised that she would be enroute to the school so she could meet with the mother and daughter to complete the safety plan.

SW Solberj arrived at the school and we discussed the case. She talked with the mother, explaining the safety plan to keep the child away from the father, to get a restraining order, and to not discuss the case with her daughter any further until detectives interview her.

Case is forwarded to SIU for follow up.

STATEMENT: Theresa Gohar stopped by Voyager around 10:00 requesting info on her daughter's grades etc. When we got to my office, she said she needed other help. She said her daughter told her last night that Dad has been touching her breasts and last night tried to touch her lower private area. Mom appeared very frightened sharing this with me. She asked me many times if this is private or can the family get help?  
I called CPS and intake worker Lewis told me to share this info with Officer Beckne. Next I called down Catherine and she reported to me everything her mother had reported. Catherine said her father, on occasion, has wanted her to sleep in his bed. She reported that she always goes back to her bunk bed. She said she became more frightened when she found a knife and a small bottle marked POISON.

On 10/25/2012, Sergeant Rinta assigned me this case for further investigation and provided me with a copy of Deputy B. Beckner's initial case report. I reviewed the report and it contained the following information:

On 10/24/2012 at about 1000 hours Theresa I. Gohar (12/15/1978) came to the counseling office at Voyager Middle School to report that her daughter, Catherine M. Gohar (07/28/2001), had made a disclosure of sexual abuse. Theresa told counselor Nancy Beck that Catherine's father, Samir A. Gohar (09/01/1968), had touched Catherine's vagina. Theresa reported that she also needed school records for an upcoming court hearing. Theresa told Nancy that the prior night, Catherine had disclosed that Samir touched her vagina with his hand, over the top of her clothing. Catherine had disclosed that this happened at Samir's residence, which is located at 2721 116<sup>th</sup> ST SE #A, Everett WA.

Nancy called Catherine to the office and Catherine disclosed to Nancy that Samir had touched her vagina with his hand, over the clothes. The School Resource Officer B. Beckner responded and obtained a written statement from Nancy. In Nancy's written statement, she reported that Theresa had told Nancy that Catherine's father had been touching her (Catherine's) breasts. Furthermore, Nancy stated that Theresa reported to her that Catherine's father tried to touch her "lower private area" the previous night.

Nancy notified Child Protective Services (CPS) of Catherine's disclosure.

See Deputy Beckner's report, which is attached for further information. Included in Deputy Beckner's report was a document from CPS which indicated that the assigned social worker was Heather Sohlberg.

**Investigation:**

On 10/26/2012 at about 1405 hours I contacted Theresa via phone. We spoke at length about the investigation and process (IE Child Forensic Interview, Counseling, etc.). Theresa stated she understood and we scheduled a Child Forensic Interview on 10/30/2012 at 1330 hours with Child Forensic Interview Specialist Razi Leptich.

On 10/26/2012 at about 1425 hours I contacted CPS Social Worker Heather Sohlberg via phone. I identified myself and informed her of the scheduled child interview. Heather told me that she had been assigned to the case and that she would be present for the child interview.

On 10/26/2012 at about 1432 hours I received a voicemail from Samir. Samir provided me with his phone number and asked me to call him.

On 10/30/2012 at about 0600 hours I received a faxed document from Snohomish County Superior Court. The document indicated that a court hearing involving Theresa and Samir Gohar had been scheduled for that date (10/30) at 1300 hours.

On 10/30/2012 at about 1120 hours I received a voicemail from CPS Social Worker Heather Sohlberg. Heather requested that I call her. At about 1122 hours I attempted to contact Heather via phone. No one answered, so I left a message. In my message I identified myself and requested that she call me. At about 1130 hours I received a phone call from Heather. Heather told me that Theresa was required to be at court for a hearing that day at 1300 hours. Heather said that Theresa had Catherine with her and would have to reschedule the child interview.

On 10/31/2012 at about 0600 hours I received a voicemail from Theresa. She requested that I call her and informed me that the Temporary Protection Order had been thrown out in court the previous day.

On 10/31/2012 at about 0600 hours I received a voicemail from Heather. Heather requested that I call her.

On 10/31/2012 at about 0655 hours I received in my mailbox a letter from the Law Office of Anna Goykhman. The letter was addressed to the Snohomish County Sheriff's Office and Prosecuting Attorney's Office, and it was dated October 30, 2012. In the letter, Anna stated that she had been retained by Samir Gohar and was representing him on this case. Anna said that Samir would cooperate with the investigation, however he was invoking his right to silence.

On 10/31/2012 at about 0740 hours I received a phone call from Theresa. She told me that yesterday she appeared in court for a Temporary Protection Order hearing with Samir. Theresa said that during the hearing, the Commissioner ordered a guardian ad litem to interview Catherine right then, in order to determine whether or not Catherine had been inappropriately touched by her father. Theresa told me that after the guardian ad litem interviewed Catherine, the Commissioner ruled that the Temporary Protection Order was no longer in effect. Theresa requested to reschedule the forensic child interview. We rescheduled for 11/6/2012 at 1230 hours.

### Victim Statement (Catherine M. Gohar):

On 11/6/2012 at about 1230 hours Catherine and Theresa arrived as scheduled and Razi Leptich and I met them in the Lobby. We introduced ourselves and escorted Catherine to the Interview area. Catherine presented as a clean, well-nourished and intelligent female.

Razi showed Catherine the interview room, viewing room and recording equipment. Catherine consented to video and audio recording the interview. Razi went over ground rules for the interview, and Catherine promised to tell the truth. The DVD recording is the best reference for detail, however, the following is a brief synopsis of Catherine's disclosure. It should be noted that it is paraphrased, except where indicated by quotations.

Catherine said that "dad wants to take me in this court thing." Catherine disclosed that her dad "kind of touches me in some places not very nice." Catherine said that it happened two times.

Catherine disclosed that the first time occurred at her dad's house. She was watching the television with her dad and her younger brother Matthew was in a different room. Catherine said that she and her dad were sitting on the couch in the living room. Catherine disclosed that her dad started touching "over here." Catherine pointed at her genital area when she said "over here." Catherine said that it made her feel uncomfortable and she moved to another chair. Catherine said that "he only touched me that one time."

Catherine said that she was "paralyzed" by the television and did not know exactly what happened. Catherine identified the part of her body that her dad touched as her "pee pee." Catherine said that she uses that part of the body "to pee." Catherine described the touching as "pressing on" her genital area. Catherine said that both her and her dad had all their clothes on. Catherine said that he did not say anything and acted like he had not touched her.

### Victim Statement (Catherine M. Gohar) continued:

Catherine said that the second time that something happened, her dad asked her to sleep in the bed with her. Catherine said that she said no, and went to her own room to sleep. Catherine said that she woke up in her dad's bed and she did not know what happened.

Catherine said that the next day, she started bleeding from her private parts into her underwear. Catherine said that the bleeding lasted for about a week. Catherine said that she did not know if it was a period or if her dad had touched her while she was asleep and she did not know it. While she was talking to her mom about her bleeding, Catherine's mom asked her if Samir had touched her inappropriately. Catherine said she disclosed to her mom what had happened.

Catherine said that she tried to tell a lady from the court what had happened. Catherine said that she told her that her dad touched her "between the legs." Catherine said that the lady "got something wrong" in the court. Catherine identified the lady that she talked to as "Martha."

Catherine said that no one helped her with what to say during the interview. Catherine said that her mom did not tell her what to say, but told her to tell the truth.

Razi later provided me with her report, an Original DVD and a copy DVD. See interview DVD, which is attached for further information. I then made an additional copy of the DVD and later booked the Original DVD and a copy into Evidence at the main Property Room. See Evidence Report, which is attached for further review.

After the interview was concluded I escorted Catherine to her mother and they departed.

### Investigation (continued):

On 11/6/2012 at about 1405 hours I contacted Heather via phone. I provided her with an update of the case and Catherine's disclosure during the child interview.

On 11/7/2012 at about 1145 hours I attempted to contact Kathy Haggerty, who oversees the Snohomish County Superior Court Guardian ad Litem program, via phone. No one answered, so I left a message. In my message, I identified myself and requested to know the identity of the guardian ad litem that interviewed Catherine.

On 11/7/2012 at about 1200 hours I received a phone call from Attorney Anna Goykhman. Anna identified herself as Samir's attorney. Anna asked me what was happening with the investigation, and I told her that it was still an

Catherine Gohar, and was present at a Protection Order hearing on 10/30/2012. Martha said that Commissioner Susan Gaer was hearing the arguments from Theresa and Samir. During the hearing Theresa reported that Catherine was present, waiting out in the car with her grandmother. Commissioner Gaer ordered Martha to go out to Theresa and interview her there at the courthouse. Martha told me that she interviewed Catherine privately. Martha told me that she was not properly trained in Washington State Child Interviewing protocols, however, she had received training in child interviewing from the American Professional Society on the Abuse of Children (APSAC). Martha told me that she had not audio or video recorded the child interview. Martha said that she asked "open ended questions" and as an example she said "Did Samir touch you one time or two times?" Martha told me that during the interview, Theresa was standing outside of the door and shouting that Martha was a "liar." Martha told me that Theresa had to be forcibly removed by courtroom security because she refused to leave the area. Martha told me that Catherine's disclosure was "inconsistent" because she said that it happened about "a week ago," and then also said that it happened "a month ago." Martha told me that Catherine disclosed that Samir had touched her "down there." Martha said that she communicated what Catherine had disclosed to Commissioner Gaer. Martha said that Commissioner Gaer ruled that Catherine's disclosure "did not have the ring of truth about it," and she canceled the existing Temporary Protection Order against Samir. I requested that Martha provide a sworn statement about what happened and about what Catherine had disclosed. Martha agreed, and requested an electronic witness statement form. I obtained Martha's email address and later emailed her the form for completion.

On 11/9/2012 at about 0600 hours I received a voicemail from Theresa. She requested that I call her.

On 11/9/2012 at about 0742 hours I attempted to contact Theresa via phone. No one answered, so I left a message. In my message, I identified myself and requested that she call me. At about 0750 hours I received a phone call from Theresa. Theresa informed me that the divorce trial had concluded with Judge Richard Okrent. Judge Okrent had awarded full custody to Samir and that Theresa was given supervised visits. Theresa asked me what she could do. I told her that she would need to consult an attorney and that I could not assist her with her child custody matters. I provided Theresa with an update on the investigation.

**Recommendation:**

I am forwarding this report to the Prosecutor's Office for review.

<b>Respondent.</b>	)	

**Appointment of Guardian ad Litem:**

Guardian ad Litem, Martha E. Wakenshaw, M.A., LMHC, was appointed to this case by the Superior Court of Washington, County of Snohomish pursuant to RCW 26.09 Dissolution.

The Guardian ad Litem represents the best interest of Catherine Gohar, age ten, and Matthew Gohar, age six.

**Under 3.2 Duties of the Guardian ad Litem Issues ordered to investigate and report:**

All issues relating to the development of a parenting plan.

The Guardian ad Litem shall also report to the court on any issues discovered that could affect the safety of the child(ren).

**Focus of this Report:**

This is the first in a series of GAL reports that will make recommendations regarding a parenting plan that is in the best interest of Catherine Gohar and Matthew Gohar.

**Background Information:**

The mother has been largely non-cooperative and has missed appointments with the GAL. She has not answered voicemails or email messages from the GAL requesting additional information. It is hoped that the mother will give her consent for the GAL to speak with the

family therapist and authorize her to contact the school regarding the children's performance. To-date she has not taken the For Kids Sake Seminar.

The father has been wholly cooperative with the GAL investigation.

Neither parent, despite repeated attempts, has been able to supply the GAL with adequate collateral sources. The father said that he was so isolated in his marriage that he has no one for the GAL to contact regarding his parenting.

The mother has given only her mother as a collateral and the maternal grandmother has been interviewed.

The parties, Mr. Samir Gohar and Ms. Theresa Gohar, were married on January 10, 1999 and separated on September 19, 2011. They have two children together; Catherine Gohar who is in the sixth grade and Matthew Gohar who is in the second grade.

The children reside primarily with the mother and the father has residential time with the children for two mid-weeks after school and every other weekend Saturday through Sunday.

The father alleges that the mother is mentally ill and he had to get out of the marriage for that reason. He stated that they had an arranged marriage and both hail from Egypt.

The mother alleges that the father has a gambling addiction and would often leave the home for hours, then days, and then weeks. She repeatedly stated that she still loves the father and wants nothing more, but for him to return to the home as her husband and father to the children. She has stated that in their culture and religion, marriage is forever, and Mr. Gohar has broken his life time vows that are sacred.

At first, the father petitioned the court for a legal separation, but has since changed his mind and filed for a dissolution of the marriage.

Of concern is that Matthew missed eighteen days of school and was tardy sixteen days last year. Catherine missed eight days of school and was tardy thirteen days. This occurred on the mother's watch.

The mother said that Matthew was being bullied at school and she wanted to protect him. She did say that she talked to the teachers and school principal to address this problem and his classroom was eventually changed and he fared better in school.

The father feels that the mother allows the children to do whatever it is they want, and that if they want to stay home from school, she lets them. The mother denies. The school threatened to invoke the Becca Bill.

So far, this year, the children have been attending school and are reportedly doing well there. The mother showed the GAL several awards from school that the children have received. The children talked about their homework and getting it done at the home visit.

Although the father has stated that the mother is paranoid, anxious, depressed, and delusional, her therapist has stated that she is not paranoid and delusional, but is appropriately anxious and depressed for what she is going through in terms of the dissolution.

The father has stated that the mother will not leave the house because of her delusions of danger, however the mother does attend church, does the shopping, and has even volunteered in the school classroom.

The father admits that he had a gambling addiction and was "very sick." He reported that he has been in recovery from this addiction and is now in a much better mental state. He continues to attend Gambler's Anonymous.

Mr. Gohar talks of a time that his wife was paranoid in his eyes and believed that her son had been sexually abused at church. He believes that his wife asked Matthew leading questions until the child admitted that he had been abused. The child was not taken to the doctor and the police were not called. There are no Child Protective Services reports in the court file.

Ms. Gohar adamantly insists that Matthew was sexually abused on a Sunday at church when he was three years old by the Sunday school teacher's son. She said that she asked Matthew if "that was the boy who did it," pointing to the teacher's son and Matthew said yes. Clearly, that was a leading question on the mother's part.

Historically, Mr. Gohar said that Ms. Gohar is mistrustful and paranoid and changes medical professionals and attorney's frequently because she is suspicious of them.

Ms. Gohar, was very reluctant to have the GAL do a home visit and appeared to be guarded and hostile and the beginning of the home visit. In response to a question about her mother's work, Ms. Gohar said: "Why do you want to know? Ask her yourself."

As the home visit progressed and the maternal grandmother arrived, Ms. Gohar warmed up very slightly and tried to engage as best she could. She appeared quite depressed.

Ms. Gohar stated that it was around 2009 when the father kept leaving her and the children. She was upset about this, but said: "We really love him, me and the children, but we need him to be with us and protect us not leave us behind. We want to be a happy family with mom and dad together."

COPY

12-17828

Ms. Gohar alleges that Mr. Gohar tells her and the children that she is "sick." The children deny, but Catherine said she has read all the court pleadings at her mother's home and was dismayed and upset to find out that her father thinks her mother is "crazy."

Since Mr. Gohar began taking anti-depressants about a year ago she said that he became a different person. "I know my husband can be a very good man. When he started to change, I tried to help him, but he keep saying to me that I am sick and can't help him."

Ms. Gohar said that the two things she cares about in her life are her husband and children. It was evident that the mother loves the children and still harbors love for her husband despite the litigation. She wants to stay married and have Mr. Gohar return to the home.

In response to the children's poor attendance at school, Ms. Gohar did admit that she lets the children stay home even if they just have a cold or they don't feel well. She said that if they feel better she may take them to school late.

Ms. Gohar alleges that Mr. Gohar was emotionally abusive to her, and cited the fact that he called her "sick" and left the home frequently. She does not allege physical abuse or any abuse of the children by the father, but said that he neglects their feelings and doesn't understand them.

Ms. Gohar and the maternal grandmother both talked about the court case in front of the children at the home visit until the GAL interrupted them and asked them to stop. The mother and grandmother sent the children upstairs to their rooms and then continued to talk about the case.

Both mother and grandmother emphasized the fact that their church does not believe in divorce and that what Mr. Gohar is doing is wrong and against God and their faith. "We don't have a divorce in our Coptic orthodox church." The mother said: "Husband told me that I am sick and he doesn't want to live with me even if I am sick in marriage should be together in sick and health in rich and poor in happy and sorrow time."

Ms. Gohar said that she still loves Mr. Gohar. She said: "I would like him to treat me as a person, not an ill person. That really hurt my feeling. I have only him. Lived with him for 12 years. I am not perfect, but I know if he treat me good, I will be perfect."

The father alleges that the mother has been physically and emotionally abusive to him and that he had to call the police three times since November of 2008 when they moved into their own house. There are no actual police reports in the court file.

COPY

12-17828

The father said that he first called the police at one in the morning when his wife lost control and started destroying the house by pulling curtains and breaking the frames. He said that the children were sleeping during this time.

The second time the father called the police was in July of 2009. He said that his wife hit him while sleeping and then tried to hit him again so he called the police, but did not file a report. He said that he left home that night and that Ms. Gohar called him all night to come home. Thankfully, the children were also sleeping during this time.

The third time the father called the police was in November of 2010. He said that Ms. Gohar decided to take the children and leave after a fight, but then she came back at three in the morning and acted like nothing had happened.

The father said that he has endured the mother's abuse for years. He did not say that the mother has ever physically hurt the children, but that because of her mental illness she is not able to parent the children well and should be ordered to take parenting classes.

Ms. Gohar presents as extremely mistrustful, shutdown, and depressed. She said that she tried taking medication because Mr. Gohar wanted her to and she wanted to be a good wife. She said that she had bad side effects and stopped taking the medicine.

Ms. Gohar has worked at Taco Bell prior to her marriage to Mr. Gohar where she was an assistant manager. She has also, in the past, worked at Walmart. She is currently a stay-at-home mom.

The mother explained that the children don't want to go to their father's apartment and spend time with him. She stated that her daughter came home crying from her dad's home because of his emotional abuse to her. Catherine denies any abuse of any kind from her father or mother.

Ms. Gohar sees a therapist at Group Health. The therapist, Ms. Regina Hugo, M. Ed., LMHC, LMFT, stated: "Ms. Gohar has been diagnosed with depression and anxiety, including generalized anxiety (in the form of worrying about different things) and also obsessive compulsive disorder (in the form of moderate germ phobia, e.g., she might wash her hands ten times per day). There is no evidence or diagnosis indicating paranoia or delusions. Though some of her worries are beyond the normal level, they are all grounded in rational concerns."

The therapist reported that the mother disclosed controlling behavior that sounds like verbal/emotional abuse at times perpetrated by the father. She said that Ms. Gohar, "from her own account," appears to be a devoted and competent mother, e.g. doing a good job of advocating for her son when he had problems at school.

COPY

12-17828

Ms. Gohar denies using drugs or alcohol. She said on her GAL form that her spouse has used physical force against her, but would not admit or elaborate on this on interview. She is not currently afraid that her spouse will physically hurt her. She is concerned about the children's emotional safety with the father.

Historically, Ms. Gohar, has been the primary caretaker of the children and Mr. Gohar has worked. Ms. Gohar said that the father doesn't do much with the children and that is her who takes care of their needs.

In regards to a parenting plan, the mother said that the father can see the children every day from 5 p.m. to 8 p.m., but she wants no "sleepovers." She would like sole decision-making.

In terms of the father's strengths, the mother said that he can provide financial support. In regard to the father's weaknesses, the mother said that he treats the kids bad and tells them bad words and confuses them. "He doesn't listen to the kid's feelings and needs. He doesn't try to help them in any trouble they have and he can be in the way of their success."

In regards to discipline, Ms. Gohar stated that she teaches the children right from wrong. "I make sure they understand me and try their best." "Their dad use that they have to do what he tell them or bad things will happen and that give them fear."

Mr. Gohar is the owner of Don's Restaurant and works 8 a.m. to 5 p.m. Monday through Saturday, with Sunday off. He has some flexibility in his work schedule and often picks the children up before 5 p.m. on Saturday.

Regarding his medical history, Mr. Gohar said that he has depression which he is being treated for. He takes anti-depressants. He said that his wife has mental problems and a history of mental illness including past suicidality.

Mr. Gohar denies drinking, using drugs or smoking. He feels that he could not work with his wife and a trained mediator because: "She mentally unstable and can never have normal conversations."

Mr. Gohar has concerns about the children's emotional and physical safety when with their mother.

Even though Ms. Gohar has historically been the stay-at-home mother, the father said that she has always been mentally ill and that before he started gambling, he was the only person helping the children with everything: "eating, shopping, school, church. I mean everything."

COPY

12-17828

In terms of a parenting plan, Mr. Gohar feels that the children should be with him all the time until the mother takes medication and gets help. "You can not have a normal talk with the mother. She is a sick person."

In terms of his own strengths as a parent the father stated that he loves his kids more than anything. He said that he is "strong, smart, educated, normal. I can make sure they will have happy normal live."

In terms of the mother's strengths and weaknesses the father said: "NONE! She is a SICK person."

The father is concerned that the children have no friends and no family and no church. "Nothing but computer games and a sick mother."

Mr. Gohar stated that since moving to Washington, they have been in isolation from his people including her (the mother's) family.

Mr. Gohar stressed the need for a mental evaluation of his wife. He said that her mental illness was under control when she took medications for Bipolar Disorder. He said that when their first child, Catherine, was born the family had some help. Mr. Gohar said that he wasn't nice to the mother at this time, but then he changed.

The father said that he can manage the children and that the mother cannot manage the children because of her mental illness. He said that she doesn't trust anyone and is paranoid. He said that the mother deprived him of sleep and physically abused him.

Mr. Gohar reported that the mother believes people are recording her and that there are conspiracies against her. He said that she doesn't understand reality. When they bought their house, the mother allegedly thought that a stranger was sleeping in the house. The father said that this was a terrible experience - buying the house.

In February of 2012, the father said that he left the house for two weeks because he had to get away from the mother, but he missed the children, so he came back. He said that it was then that he started gambling and it became an addiction. Mr. Gohar said that with the help of counseling and Gambler's Anonymous, he hasn't gambled for nine months. He said that he is very conservative with money.

Mr. Gohar is concerned that the children eat fast food when with the mother. The mother says the same of the father. The children report that they eat a variety of foods and that each parent prepares food for them. Matthew is quite overweight and Catherine appears to be underweight.

COPY

12-17828

The father believes that the mother asked Matthew leading questions about the alleged abuse that occurred at their church when Matthew was about three years old. The father said that the mother asked Matthew "who hurt you?" even though Matthew said he was fine.

Allegedly the mother said to Matthew and the father that he was taken by a stick in his anus. The child was not taken to the doctor and there is no medical evidence, CPS report, or disclosure by the child to support this.

Mr. Gohar reported that in September of 2011, he left the family home and rented an apartment. He said that he had become depressed and that life had no meaning. He said that, at that time, he used to help the children with homework and that when he left their performance in school went downhill.

To the mother's credit, the children have not missed school since temporary orders were put in place.

Mr. Gohar reported that Ms. Gohar talks to the children about the court case. On interview of the children, this was found to be accurate.

Matthew Gohar is seven years old and in the second grade. He attends Discovery Elementary School. Matthew presents as very verbal and somewhat anxious. He appears to be distressed by the separation of his parents and feels loyal to both of them.

Matthew reported that he mostly lives with mom and that it's good there because mom likes playing games. He said: "sometimes she cooks food. Sometimes she burns it. Dad makes pancakes."

Matthew said that he really doesn't have friends and was observed at the mother's home to play by himself. Regarding his mother, Matthew said: "In my mom's she gets nervous and yells...tells me to go to my room. Mom is frustrated about court stuff. She's just frustrated and nervous."

These are not typical words used by a second grader and it calls into question whether he has heard the mother use these words herself to describe herself or whether someone else has talked to him about the mother. At any rate, there is a sadness and despondency to Matthew.

Matthew said that his mom yells a lot. He said that they all go to a family counselor and talk about how frustrating court is.

Matthew reported that they went swimming this summer and had gone to the beach recently with his mother. He said that he likes basketball, but "I'm terrible at it in real life," and generally seemed to demonstrate low self-esteem. He did say that "I'm good at doing tricks."

COPY

12-17828

Matthew reported that mom's house is dirty and that his dad doesn't put him in his room like his mother does. He said that what he doesn't like about mom's is that she gets frustrated and that he likes dad's better.

Since Matthew talked so much about court, the GAL asked him what he thought court was. Matthew answered: "Court is when children are not allowed in court because the judge and people are there. My mom's judge is really mean. He tells orders. The judge almost decide that we stay with our dad for two weeks, but then he changed his mind."

Matthew is privy to court matters and has said that his mother talks about court with him and Catherine. Catherine confirms. This is an abusive use of conflict on the mother's part.

Catherine is eleven years old and in the sixth grade. She attends Voyager Middle School.

Catherine presents as articulate, anxious, and depressed. She is quite obviously distressed by the court case to which she is privy from her mother.

Catherine said that she, and her brother, and her mother go to family counseling and that her mother thinks she should go to individual therapy, but won't let her because she "doesn't want it in our records."

Catherine stated: "My mom tells me most of everything about court - she doesn't want me clueless."

She said that her parents split up about a year ago and she was not surprised because there was so much fighting and her father would leave for a hotel for a day or a week. "I missed him."

Catherine said that her father is the one that helps her with school work. She said that she was behind in school, having missed a lot under the care of her mother. She said that her father helped her learn everything to catch up in a two month period and then, "I ended up the smartest person in fourth grade!"

When asked what she thought court is (given the fact that Catherine said her mother had told her all about it), she answered: "Mom told me court is supposed to sort out problems or if there is a criminal to catch him. Court is trying to sort out the divorce. They already take \$4500 each month from dad. My mom was supposed to get a job, but she's sleeping a lot which is sad because she missed job calls. My mom doesn't have a job."

In regards to her father's apartment, Catherine said that she has a lot of trouble sleeping there and that she's one of those people who can't sleep. She lays awake and worries.

Catherine said that if she gets in trouble with her mother or father they scream at her. She also said that her mother will frequently send her and Matthew to their room.

COPY 12-17828

Catherine reported that her mother thinks she can watch Matthew but he hits, screams, and slaps her.

Catherine said that she likes soccer and basketball. She likes swimming. She said that sometimes when she comes home from school, she has to wait outside for her mother to come home because she is often at court.

Catherine reported that her mother gets very very mad at times and says: "I can't take it anymore." When her mother reads the court papers she asks Catherine to help her. She said that they stopped going to church because her mother is busy with court.

In regards to her mother, Catherine stated that: "My mom doesn't want any divorce. My mom doesn't like it that we can't move. She wants to move out of state. She would like to move back to Massachusetts. My mom doesn't have any friends here."

Catherine said that her mother told her the GAL was there to look at the houses and see which one was better for the children and then put them there. Catherine was worried that the GAL could take her away from both of her parents and put her in a foster home and it is suspected that this fear came from her mother. She asked the GAL what if she felt her mom was crazy and her dad was crazy, then what?

Catherine said: "I saw the court papers - mom let me. Dad said my mom is crazy and paranoid. I was mad at dad. Mom's not crazy. She sometimes has a sad depression from being in the court thing."

In regard to her parent's fighting, Catherine stated that most of the fights, historically, were about her father wanting to go back to Egypt to take care of his mom. Her mother didn't want her father to "run away."

Catherine stated: "My mom says dad really really wants me and would do anything to get me even call her paranoia." "My mom said it will end in November (the court matter). Do we still have to go to court?" (meaning her and Matthew testify).

**Summary:**

Clearly, both Catherine and Matthew are the victims of an extreme abusive use of conflict on the part of the mother. Both children have stated that she has talked to them about the court case and it was a strong theme in both of their interviews, especially Catherine's interview.

Both children present as confused, depressed, and anxious and could both benefit from intensive, individual psychotherapy.

**COPY**

**12-17828**

It is unconscionable that the mother is permitting her eleven year old daughter to read the court documents and pleadings. The daughter has become so fearful that she was worried that the GAL might take her away from her parents and put her in foster care.

Matthew has the idea from his mother, that the judge is "mean." He is fearful of the court and has a skewed understanding of how the court is involved in his life based on what his mother has told him.

The father admits that he had a history of depression and was "not nice," to his wife early on in the marriage. He admits to a gambling addiction that is now being treated. He presents as somewhat depressed.

The mother presents as extremely suspicious, guarded, and depressed. She had almost no interaction with the children at the home visit. She was unwilling to provide release of information for the GAL to speak with her healthcare providers. She was not forthcoming with the children's school information.

Both parents should have a psychological evaluation to assess their functioning and the implications for parenting.

Because the mother has not taken the For Kid's Sake Seminar and has engaged in the abusive use of conflict, the children should spend more residential time with their father to ensure their emotional safety.

It is recommended that Mr. Gohar be the primary residential parent with the mother having residential time with the children every other weekend and one mid-week visit. The mother should be prohibited from sharing court information or discussing adult matters with the children. If she continues to engage in an abusive use of conflict, visits should be professionally supervised with the children.

**Recommendations:**

1. Mr. Gohar to be the primary residential parent.
2. Ms. Gohar to have residential time with the children every other weekend from Friday after school until Sunday at 6 p.m. and every Wednesday from after school until 7:30 p.m.
3. Catherine Gohar to participate in individual therapy with a provider approved by the GAL who is covered by the medical insurance.
4. Matthew Gohar to participate in individual therapy with a provider approved by the GAL who is covered by the medical insurance.

5. Ms. Gohar to take the For Kid's Sake Seminar immediately.
6. Ms. Gohar to participate in a psychological evaluation with Dr. Edward Schau (206-365-3808).
7. Mr. Gohar to participate in a psychological evaluation with Dr. Edward Schau (206-365-3808).
8. The mother to refrain from discussing the court case with the children.
9. The children to continue in family therapy with the mother.
10. The GAL to review the case progress and report back to the court in sixty days.

**RE: Investigation of Samir Gohar, DOB 9-1-1968**

Dear Detectives and Deputy Prosecuting Attorneys:

I have been retained by Mr. Gohar, who I understand may be the target of an investigation concerning an allegation of abuse. He adamantly denies any wrongdoing.

Please contact me prior to making a decision about whether you believe there is probable cause to believe a crime has been committed, and about whether or not to charge my client with any wrongdoing. I would appreciate an opportunity to discuss this case with you in greater detail and open up some dialogue prior to any final decisions. I would like to make sure that your department considers evidence from people other than the mother of the child who is in the middle of a very contentious dissolution and parenting plan proceeding and is motivated by it to make false allegations. I want to make sure that I do everything possible to help you make a fully informed decision in this case, a decision that clears my client's name of the vicious and false allegations.

Of course, in addition to that, you are hereby advised that Mr. Gohar is more than willing to make himself available should his presence be needed at any regularly scheduled court hearing. I also have a planned vacation coming up, so please contact me in advance of setting hearings.

You also should be aware that I have advised Mr. Gohar, pursuant to my regular policy, to invoke his Fifth and Sixth Amendment Rights. He will not waive these rights outside my presence. Mr. Gohar will gladly cooperate with your investigation, as long as all contact be directed through my office.

Re: Polygraph Examination of Samir Gohar

Ms. Goykhman,

This letter will serve as a report regarding a Psychophysiological Detection of Deception (PDD) examination given to Mr. Gohar on November 3, 2012 at our offices in Edmonds, Washington. The purpose of this examination was to verify or refute whether he has ever touched his daughter Catherine's genitals for a sexual reason. All of the information used to formulate the relevant questions was provided by your office and Mr. Gohar.

The following relevant questions were administered using a DoDFI Zone of Comparison (ZOC) format. Mr. Gohar's responses are noted.

5. Other than for hygiene and medical purposes, have you ever deliberately touched Catherine's genitals? NO

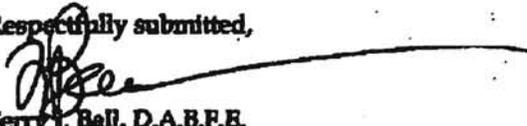

7. Have you ever deliberately touched Catherine's genitals for a sexual reason? NO

An Axciton computerized polygraph was used for this examination and the physiological responses were evaluated using a program developed by the Applied Physics Laboratory at Johns Hopkins University. Conclusions reached from this examination are a result of standard numerical scoring, in addition to the computer analysis.

Mr. Gohar failed to exhibit a significant, consistent physiological reaction to all of the questions listed above. Based upon a numerical evaluation of the polygrams produced, it is the opinion of this examiner that he was not attempting deception to these questions.

During the interview and examination, Mr. Gohar was pleasant and cooperative. He related no physical or emotional condition which might have precluded a valid test. If you have any questions, please don't hesitate to call.

Respectfully submitted,

SNOHOMISH COUNTY SHERIFF'S OFFICE		INCIDENT CLASSIFICATION Witness Statement Follow Up		CASE NUMBER SO12-17928	
NAME OF ORIGINAL VICTIM(S) Gohar, Catherine M.				REPORT DATE 11/15/2012	
TYPE OF ORIGINAL REPORT CHILD		ORIGINAL DATE 10/24/2012	RECLASSIFY TO -	CONNECTING REPORT NUMBER(S) -	

**Origin:**

This investigation was referred to the Prosecutor's Office on or about 11/15/2012 for Child Molestation 1<sup>st</sup> Degree against Samir A. Gohar (09/01/1968).

This follow-up case report is being completed to add information to the case file. This follow-up case report is being completed after I received a written statement from Martha E. Wakenshaw (06/01/57). See original case file for additional information.

**Investigation:**

On or about 11/15/2012, I received a written statement from Martha E. Wakenshaw (06/01/57) in my mailbox. I reviewed it and it contained the following information:

Martha identified herself as the court appointed Guardian ad Litem for the victim in this case, Catherine M. Gohar, age 11 and Catherine's brother, Matthew Gohar, age seven. On 10/31/2012 Snohomish County Court Commissioner Susan Gaer ordered Martha to conduct an interview of Catherine at the courthouse interview room.

During the interview with Catherine, Catherine's grandmother, mother, and relatives were outside the interview room loudly calling Martha a "liar." Martha requested that they leave the area, and when they refused, courthouse security was called. Courthouse security cleared the area and Martha proceeded with the interview.

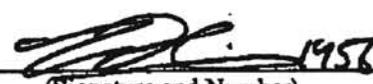

During the interview Catherine disclosed that her father touched her in between her legs on two occasions. Catherine said that one incident occurred while she was sitting on the couch and one at a sleepover. Catherine said that it occurred last Tuesday, or two weeks ago, or possibly a month ago. Catherine said that she disclosed to her mother about the touching.

See the attached written statement for further information.

**Recommendation:**

I am forwarding this follow up report to the Prosecutor's Office so that it may be included in the case file.

Place statement taken: Shoreline, WA Date: 11-9-2012 Time: 1:00 p.m.

Statement: I, Martha Wakenshaw, am over the age of eighteen and make the following declaration.

I am the court appointed Guardian ad Litem for Catherine Gohar, age 11 and Matthew Gohar, age seven. On October 31, 2012, Snohomish County Court Commissioner, Susan Gaer, ordered me to interview Catherine Gohar in the courthouse interview room. I was ordered to escort Catherine out of the car parked outside the courthouse. Ms. Gohar, the mother, was ordered to remain in the court room. The maternal grandmother accompanied me to the car. As Catherine and I entered the interview room, the grandmother pushed her way inside the room and would not leave until some attorneys that were in the hallway persuaded her to exit the interview room.

I started to talk with Catherine and the grandmother and mother and relatives were outside the glassed in interview room saying loudly that I was a liar. I came out of the room briefly, asked them to leave and when they didn't, Ms. Patricia Bundy, Commissioner Gaer's clerk was called out to help and eventually had to call security who cleared the area. The interview then proceeded without further incident.

I explained to Catherine that the judge had ordered me to interview her. Catherine disclosed that her father had touched her in between her legs on two separate occasions. One while she was sitting on the couch and one at a sleepover. She said that the touch lasted for three seconds and was over her clothing. She said that it was hard to remember when it happened but she thought he did it last Tuesday or two weeks ago on the weekend or maybe a month ago, she was having some difficulty recollecting a time frame.

Catherine said her dad also touches her other places like on the leg but she didn't think that was bad.

Catherine said that she reported the touching to her mother who then talked to a school counselor. She said she was subsequently taken to a doctor but they couldn't tell anything.

On past interviews, Catherine had disclosed that her mother has shown her the court documents in the divorce proceedings. She did say that her mother now has stopped doing that and that she hadn't read my GAL report. She did say that her mother told her that she might be living with her dad because of my report.

Catherine said there was blood in her underwear about a month ago but it might have been from her period. She said that her dad didn't say anything - just touched her. She said that she and her mom were talking about her period and her mother asked her if her dad touched her. Catherine said that she said yes.

I concluded the interview by asking Catherine how she was feeling and she said that the whole thing was making her nervous. She said that she is not afraid of her dad when asked how she was feeling about him.

I reported back to commissioner Gaer the facts of the interview with Catherine. To the best of my knowledge and recollections, Commissioner Gaer lifted the restraints against the father.

Subsequently there was a trial in front of Judge Okrent on Monday, November 5, 2012. I wasn't at the decision, but I heard from the attorney for the father, that the father was granted custody and that the mother has supervised visits twice a week for four hours with the children.

President Reduces Amount Homeowners Owe

If you owe less than \$25,000 on your mortgage, the President wants you to refinance. Using his one refinancing program, you can save you up to \$143,000. If you are a homeowner and you haven't looked into refinancing recently, you may be surprised at how much you can save.

**Synopsis / PC for Arrest**  
(Include all elements of the crimes charged)

On 10/24/2012 at about 1000 hours Theresa I. Gohar (12/15/78) reported that her 11 year old daughter (known to me, DOB 7/28/2001, hereafter identified as C.G.) had disclosed that she had been molested by her father, Samir A. Gohar (09/01/68). Theresa reported that C.G. disclosed that Samir had touched her vagina one time over the clothing.

On 11/6/12 at about 1230 hours C.G. was interviewed at Dawson Place by child interview specialist Razi Leptich. C.G. disclosed that Samir touched her "pee pee" with his hand on 10/23/2012. C.G. identified her "pee pee" as the part of her body she uses to urinate. C.G. disclosed that the touching was over the clothes and lasted for a few seconds. C.G. disclosed that it occurred at Samir's house, which is located at 2721 116<sup>th</sup> ST SE #A, Everett.

Samir retained attorney Anna Goykhman, who declined to make Samir available for an interview. Anna provided me with a copy of a polygraph examination report. Samir was questioned by the polygraph examiner about touching C.G.'s genitals. Samir denied touching C.G.'s genitals, and the exam indicated no deception.

**Recommendation**

I am forwarding this investigation to the Prosecutor's Office for review.

I certify or declare under the penalty of perjury under the laws of the State of Washington that the foregoing statement is true and correct. (RCW 9A.72.085)

He did it before when she went to him for the sleepover on 10/20/2012 where he tried to force her to come and sleep next to him and he also touch her in her private lower area in that sleepover. Catherine have told me before that her father touch her in a way she is not comfortable with at that time I was not consume. but when she told me at night on Tuesday the 23rd that he touched her there. I went to her school for help where she told the counselor there that this was not the first time and I have been told that I need to do a protection order.

Describe the past incidents where you experienced violence, where you were afraid of injury or where the respondent threatened to harm or kill you: The Respondent is my Husband but we are in a divorce case. The Respondent since there was an order to see the children in the divorce case. He did lock his daughter one time in his car alone outside his duplex as a punishment for wanting to go to her mother home. He abuse both children emotionally specially his daughter Catherine. He tells her she is sick, there is something wrong with her, he tell both children if they did not do what he wants something bad will happen so that their mother will be in trouble at court. COMES NOW SAMIR GOHAR, the Petitioner in the above-entitled action, being over the age of 18 years and competent to testify to the following matters and states and declares as follows:

This petition is a transparent, last ditch effort to stall this dissolution and maintain control of our children. Throughout this action, Theresa has done everything possible to stay married to me. She refused to agree to amend the petition for legal separation to a petition for dissolution, requiring a hearing. Immediately after her refusal, her second attorney, Elizabeth Michelson, withdrew. She also fought the appointment of a guardian ad litem, and refused to sign the waiver to allow the GAL, Martha Wakenshaw, access to her mental health records. She requested another trial continuance of our November 5, 2012 trial date, which was denied on November 19, 2012. She refused to cooperate to schedule mediation, which required yet another hearing. She did not attend either one of the depositions

2 scheduled for her, despite agreeing to the date. She petitioned the court to remove Ms. Wakenshaw as  
3 Guardian ad Litem, which was denied. And now, finally, she is unconscionably lying to the court and  
4 doing everything she can to destroy my relationship with our children.

5  
6 I have never inappropriately touched either of my children. I have not touched Catherine's private areas.  
7 I have also not locked Catherine in the car as discipline or abused either of the children verbally. I have  
8 not physically or sexually abused Theresa either. These are all Theresa's fabrications for the purpose of  
9 staying married to me.

10  
11 I petitioned the court for a Guardian ad Litem (see attached report) after it became clear that Theresa's  
12 mental health was deteriorating. I originally agreed to a parenting plan which named her as primary  
13 residential parent with the hope that she would improve. I also was in the beginning stages of recovery  
14 for my gambling addiction. Theresa's actions became more erratic and troubling and she involved both  
15 of our children in the dissolution more and more. I decided that I needed to do everything in my power  
16 to take care of my children and make sure that their best interests are protected. Theresa has a history of  
17 mental health issues. She has two suicide attempts, has been prescribed medication for her issues, and  
18 according to her own declarations she has provided a letter from her therapist that references  
19 "generalized anxiety" and mild OCD in the form of moderate germ phobia. It also references much  
20 controlling behavior and what sounds like verbal/emotional abuse in her marriage, which she has not  
21 addressed in her handwritten declarations. She has stated over and over that she does not want the  
22 divorce and would like her husband to come back. Theresa's declarations accuse me of controlling  
23 behavior and verbal/emotional abuse, but she makes absolutely no accusations of sexual abuse.

24  
25 I cooperated with the GAL, and met with her twice with the children. There were absolutely no  
26 allegations about physical or sexual abuse at that time. Theresa missed appointments with Ms.

1  
2 Wakenshaw and did not return calls. The GAL report calls her "largely non-cooperative." She finally  
3 requested that Ms. Wakenshaw be removed, calling her a liar in her pleadings, despite admitting that  
4 she had not read the report. Ms. Wakenshaw recommended that I be awarded primary care of the  
5 children, based in part on Theresa's "extreme" abusive use of conflict. Catherine told the GAL that  
6 she was "worried that the GAL could take her away from both of her parents and put her in a foster  
7 home and it is suspected that this fear came from her mother." Ms. Wakenshaw also recommended that  
8 both of us complete psychological evaluations with Dr. Schau, which I have done. He has been stalled  
9 in submitting his report because Theresa has refused to communicate with him. My attorney finally sent  
10 a sampling of her pleadings so that the report can be completed by trial on Monday, November 5, 2012.  
11 The GAL report states, "Ms. Gohar adamantly insists that Matthew was sexually abused on a Sunday at  
12 church when he was three years old by the Sunday school teacher's son. She said that she asked  
13 Matthew if 'that was the boy who did it,' pointing to the teacher's son and Matthew said yes. Clearly,  
14 that was a leading question on the mother's part." Theresa did not take Matthew to the doctor, file a  
15 CPS report, or call the police. I was there that day and the incident did not happen. I believe Matthew  
16 was actually four or five years old. It was simply a ploy to keep Matthew out of Sunday school and the  
17 family away from church. Theresa accused me of having a relationship with the Sunday school teacher  
18 and made up the allegation about the Sunday school teacher's son.

19  
20 I hope that my actions in requesting a GAL, paying the entire retainer, cooperating fully in the  
21 investigation and voluntarily submitting to a psychological evaluation convince the court that Theresa's  
22 accusations are absurd and devious. She has three goals – to keep the \$6,000 per month maintenance  
23 coming, to keep control of both children, and to stay married (for religious purposes). On the same day  
24 that Theresa went in to request an order for protection, she served my attorney with a response to  
25 petition, in which she made no mention of these allegations (see attached). Perhaps her reason for her  
26 inconsistent pleadings was because she wanted to keep this action secret. She did not notify either my

attorney or the Guardian Ad Litem of her petition. I did not find out until I went to the children's school on Friday to check on them after she did not show up for visitation on Thursday night, or answer her phone. I was concerned that because of her mental health issues and her recent losses in court, she may do something dangerous or foolish. I found out about the order for protection when the sheriff came to the school.

My attorney requested that Commissioner Bedle dismiss the order, but instead he agreed to an order shortening time.

Theresa's petition does not mention whether or not she took Catherine to the doctor. I am extremely concerned about how she is handling this. Theresa is extremely paranoid and does not trust anyone. She has gone through three attorneys in this action, including Elizabeth Michelson, to whom I paid \$20,000.00.

I request that the court dismiss this petition and award me terms for the filing of this false declaration and requiring two hearings and the drafting of this response.

Signed under penalty of perjury under the laws of the State of Washington.

### President Reduces Amount Homeowners Owe

If you owe less than \$626,000 on your mortgage, the President wants you to refinance. Using this one ridiculously easy trick can save you up to \$145,000. If you are a homeowner and you haven't looked into refinancing recently, you may be surprised at how much you can save.

**PSYCHOLOGICAL ASSESSMENT OF MS. THERESA GOHAR**

This psychological assessment of Ms. Theresa Gohar follows upon referral of Martha Wakenshaw, M.A., LMHC. During the evaluation, various documents were provided to this evaluator for review. They included the GAL Report of October 1, 2012, five Declarations of Theresa Gohar, ranging from 3/26/2012 to 10/17/2012, the Final Parenting Plan (12/3/2012), and Declarations from Theresa's psychiatrist and her therapist.

The psychological tests which were administered included the Minnesota Multi-Phasic Personality Inventory-2 (MMPI-2), the 16PF, and the Millon Multi-axial Inventory III (MCMI-III). These instruments are widely used psychological tests. They are considered to be valid indicators of individual adjustment and personality. They are particularly useful in identifying potentially problematic areas of functioning. Certain patterns of scores can also be indicative of personal strengths. In this sense, the 16PF can be especially helpful because the traits referred to are commonly found in normal populations.

Each psychological test yields a number of diagnostic scales, which are generated from the examinee's answers to questions. The answers are statistically compared to clinical populations so that a chart may be generated to represent the mental and emotional status of the examinee as compared with these populations. The tests also have scales that reflect the test-taking attitude of the examinee. That is, they indicate whether a respondent was able to be candid in acknowledging any emotional concerns or, in contrast, guarded against revealing such concerns.

Interpretations from these tests are useful in generating hypotheses about personality style, but may not be used by themselves to establish the presence of specific disorders. The purpose of the interviews and review of pleadings is to solicit information as a complement to testing results. Hypotheses about personality are thus weakened or strengthened. This is based upon my clinical judgment. Given that impressions about personality are hypothetical, they are necessarily probabilistic in nature. The Parenting Evaluator/GAL may use this assessment as one of multiple sources for investigating and understanding essential custodial issues, e.g., parenting capacity, truthfulness, ability to cooperate.

**Social History (as reported by Theresa)**

**Early History**

The purpose of a social history is to give context for the interpretation of the results of psychological testing. People talk about themselves through the testing. The social history is not intended to be comprehensive and absolutely thorough. It is intended to provide a template. The

test results tell part of a story. Life history is another aspect of that story. Comparisons are made with other sources of information. Consistencies are noted and inconsistencies are explored.

Ms. Theresa Gohar was born and raised in Cairo, Egypt. She is the middle of three daughters. She has a sister about 18 months older and another seven years younger. Theresa and her sisters were raised by their natural parents. Her mother was a homemaker who also worked at times as a bookkeeper for the government. Her father also did accounting-related work.

Theresa described her parents as attentive to their children. "My dad would talk with me... he would sit and talk." Her mother would shout at the girls if she was upset. There was no physical discipline from either parent. "Our culture is very polite." Theresa described a generally positive upbringing. "My dad would work two jobs... it was fine."

Theresa denied any history of significant trauma when growing up. The family is Coptic Christian Orthodox. They attended church frequently.

Theresa attended private schools until high school. She was not involved in activities through school. However, she was involved in church-related activities in the summer, especially crafts. Theresa said that she obtained good grades. "They were good enough for a real college." She graduated from their equivalent of high school in about 1996.

Theresa was only able to go to college for a couple of weeks. She was excited about college. She said that her dad was encouraging her to be more independent. She started to commute to college. It was at this time that her family informed her that they had won a visa lottery to come to the United States. She had to drop out of college. "We had to come here." At first, they came to California, staying with an aunt. Theresa did say that she could have stayed in Egypt. An uncle invited her to stay with his family. She really didn't want to leave Egypt. However, she didn't want her family to leave without her. Theresa travelled to California with them.

The family stayed in California for about six months. "We couldn't find work." They came to the Seattle area to live with a family until they could get work. Her father found employment. She and her older sister also got jobs. Theresa took a job at Taco Bell as a cashier. She was there for about a year, rising to Assistant Manager.

As for work, Theresa said that she later worked at Samir's restaurant in Boston. "He wanted a woman next to him." However, they used to fight. She said that Samir wanted her to work harder and faster. From her perspective, he should have been pushing some of the other "girls" harder. "It was kind of stressing." Theresa is currently looking for employment. "When he left, I looked for work."

#### Relationship History

Theresa grew up in a culture in which dating was not encouraged. "We didn't talk to boys." Her first boyfriend was her husband. Theresa met Samir at age 19. "His friend lived here." Samir talked with her family. Her sister was already engaged. Theresa felt fairly independent. She had her own car. She said she was the first in the family to get one.

Theresa felt herself falling for Samir. "He felt like a soul mate... it was like God sent him to me... I fell in love with him." The engagement lasted for a year. Samir would visit Theresa on a regular basis. At the conclusion of the engagement, Theresa moved to Boston. Her family was able to come to the wedding.

Theresa and Samir fought on occasion. However, there were positive times as well. Theresa went to church. She said Samir did not want to attend with her. "He would say, 'Go to church by yourself.'" However, after Katherine was born (July 2001), he started to go to church with her. They were good friends with two other couples. They did things together.

The pregnancy was fine, but the delivery was difficult. It was not as much of a problem when Matthew was born in 2005.

Samir sold his business in 2007. They moved back to this area. Theresa said that they had frequently fought about returning to this area. When the time came, she actually resisted. At first, they stayed with her parents. They then got an apartment. She said that Samir made decisions on his own. For example, he got an apartment. Theresa was unable to see it until after he had already lined it up. Similarly, Samir bought Don's restaurant in Marysville without involving her. As for the apartment, she said that this was difficult for her. "I like clean, I like it nice, organized. I am totally opposite of him. I learned this at Taco Bell."

Theresa said it went well enough here for a while. She was seeing her mother frequently and was able to help her sister. "It was totally fine."

Theresa said that Samir was talking with her family about her, that something was wrong with her. "He said I had to take medications. He talked to everyone about me. He took me to a psychiatrist. With the doctor, he would keep talking." Theresa told the doctor she was not doing any of the things he was accusing her of doing.

#### Recent History

No attempt will be made to retell all the events of the past few years. Theresa's rendition of what has happened is described in declarations and related materials.

#### Test Results

The results of the Minnesota Multi-phasic Personality Inventory-2 (MMPI-2) for Ms. Theresa Gohar are difficult to interpret. Fortunately, despite English being her second language, it appears that she understood the questions. This can be determined from the validity scores. However, the pattern of results on the validity scales indicates that Theresa is trying to present herself in an improbably favorable light. This is often the case in child custody related situations. In any case, Theresa denies having even minor social faults. She presents as someone who is trying to project a picture of adequacy and control. It is likely that Theresa lacks insight into herself.

There is no obvious psychopathology evident on the psychological testing. Theresa does not present as depressed, anxious, or angry. She has high self-esteem. Theresa trusts her judgment. She comes across as someone who is comfortable around others. She is not the kind of person who will keep others at a distance. Having said that, Theresa may have difficulty achieving depth in a relationship.

The picture Theresa presents is of someone who is not bothered much by what others think about her. She has a strong sense of self-righteousness. She sees herself as reliable and dependable, as someone who is willing to accept the consequences for her behavior. Theresa is likely to be assertive in pushing her point of view. There is also a sense that there is much by way of strong feelings being bottled up inside.

**The results of the 16PF** appear valid. Similar to the MMPI-2, Theresa presents herself as outgoing and warm. She is the kind of person who will be comfortable initiating contact with others, including strangers. She views herself as accepting and trusting of others. Theresa is a practical, down-to-earth sort of person. She is going to tell you what she thinks and feels. Any failure in a relationship is unlikely to be processed as reflecting poorly on herself.

Theresa presents as emotionally stable, as one who feels good about herself. She seems patient and relaxed. She enjoys working with others. Theresa is not the kind of person who wants to go out on her own and rely only on herself. She is also the kind of person who prefers to avoid conflict. Having said that, Theresa has fairly clear ideas about right and wrong. She is not the kind of person who is going to tolerate much by way of disorder in her life.

**The results of the Millon Clinical Multi-axial Inventory-III (MCMI-III)** have the same validity concerns as the MMPI-2. Theresa appears to be trying to present herself in a very favorable light.

Theresa has fairly positive feelings about herself. She views herself as devoted and hard-working, the kind of person who will work before play. She appears to have a strong sense about morality and ethics. She will expect as much of others as she does of herself. Theresa may be rigid in holding to her perceptions of reality. She is more comfortable when there are clear rules and expectations.

Again, Theresa has fairly positive feelings about herself. However, there is a sense that she needs somebody nearby to rely upon. Such a person would be relied upon for advice and reassurance. Lacking such a person, Theresa is likely to feel fairly helpless and alone. Theresa may have difficulty at times interpreting what is going on around here. In turn, she may be more prone to see the negative before the positive.

#### Assessment

I met with Theresa on two occasions. As noted above, Ms. Hino was present for the second visit. Subsequently, Ms. Hino and Theresa met together without my presence. On each occasion, Theresa was alert and well-oriented and responsive to questions. There was no indication of obvious emotional or cognitive disturbance.

The psychological tests are generally consistent with one another. Theresa presents as emotionally stable. She has high self-esteem. She denies being depressed, anxious, or angry. There is also a sense that Theresa is trying to present herself in a favorable light. Again, this is often the case in a child custody situation. Having said that, the presentation with Theresa is stronger than most others. The picture she presents of herself is of someone who is comfortable around others. It would appear that she needs someone close by to rely upon. Theresa is a practical, down to earth sort of person. She perceives herself as dependable and reliable. Theresa is trusting of others. On the one hand, Theresa prefers to avoid conflict. On the other, there is a fairly self-righteous quality about her. A challenge for her is that she may have a tendency to see the negative in what is happening around her. Theresa prefers clear expectations and may be fairly rigid in holding to her perceptions of reality. Theresa is the kind of person who will tell you what she thinks and feels. She may be fairly assertive in expressing her point of view.

The psychological test results are best understood in the context of Theresa's life story. By her account, she had a very positive upbringing in Egypt. Theresa was raised in a supportive family. She did well in school. The family is Coptic Christian Orthodox. Theresa was very involved in her church. Theresa's positive feelings about herself are rooted in her upbringing. Theresa's life was turned upside down when her family won a visa lottery and came to the United States. Theresa had just begun college. She was beginning to experience some independence. "We had to come here." It would appear that Theresa was totally dependent upon her family for emotional support. She did obtain a job, working for about a year at Taco Bell, becoming an assistant manager.

Theresa had not dated before meeting Samir. Theresa met Samir when she was age 19. She is many years younger than Samir. This was not an arranged marriage. However, Samir did seek out the permission of her parents for him to begin a relationship with Theresa. She says that she fell in love with him. By her account, the marriage went well for a time. Still, she did not like working with him. From her perspective, he pushed her too hard. It was stressful for her. They fought on occasion. She recalled one incident in which he took the garbage and threw it over her head. She called 911. She was not supported in this by her priest. Samir was very angry that she made the call.

Samir insisted that Theresa get psychological help. She went to counseling and was diagnosed with obsessive-compulsive disorder. "I was picky. I don't like dirt. I was trying to be protective." She took Celexa. "It really did help." Samir insisted that she go to a psychiatrist. She was put on Seroquel. Theresa had already given birth to Catherine. She wanted another baby and went off her medication. After the birth of Matthew, she went on Celexa again. She said that it didn't work. Theresa said that her OCD returned when they moved to the Seattle area.

The diagnoses below are presented in multi-axial format. The way to understand this is that Theresa's current functioning (Axis V) is marked by problems in social functioning. The level of stress (Axis IV) has been considerable over the last year. What happens is that stress interacts with personality features (Axis II) to create Axis I symptoms and diagnoses.

- Axis I Adjustment Disorder with Mixed Anxiety and Depressed Mood  
Obsessive Compulsive Disorder
- Axis II Dependent, Compulsive, and Histrionic traits
- Axis III (See Physician)
- Axis IV Current Stressors include: Current stressors include: Custodial conflict;  
Economic; Occupational; Social
- Axis V Global Assessment of Functioning (GAF)  
Current GAF: 60  
(Moderate Difficulty in Social and Occupational Functioning)

Theresa has presented letters from her therapist and her psychiatrist. Dr. Megan Gary writes that Theresa has a history of major depressive disorder and obsessive-compulsive disorder. Regina Hugo, her therapist, writes that Theresa's presenting problems were depression and anxiety, with symptoms mainly secondary to marital distress and conflict. She notes that Theresa had been the primary caretaking parent. The problem for this therapist is that she also describes the children as doing well in school and in peer relationships. In fact, according to the GAL, Matthew missed 18 days of school and was tardy 16 days. Catherine missed eight days of school and was tardy for 30. This happened while they were in the mother's care. As a therapist myself, I am well aware of the tendency of a client to give a story which is more favorable to the self. As well, I am aware of the tendency of the therapist to advocate on behalf of the client.

However, I believe that what is going on is less of a problem with the therapist than a cultural issue that needs further exploration. From Theresa's perspective, the children were healthy and doing well in school since they were getting good grades. In fact, she told Ms. Hino that attendance is not important to her. Theresa was communicating a truth to her therapist. The children were doing just fine. Of course, the cultural expectation in this country is that children go to school and show up for school on time. Theresa was raised with different expectations about school.

Theresa presented well on both occasions I met with her. On the second, Ms. Hino was present. Subsequently, Theresa met with Ms. Hino and I was not present. On each occasion, Theresa was cooperative and pleasant. There was no obvious psychological disturbance. Theresa can present well. That is not the problem. The problem arises for Theresa when she is under stress.

It must have been very stressful for Theresa when she came to the United States. Shortly after, she was engaged to Samir and on her way to life with him in Boston. She had very limited family support. She had Samir, a few friends and their church. Theresa and Samir had different expectations regarding her need to work. Of course, the strong cultural expectation was to support the husband. Samir is much older. He would have been psychologically dominant. This was reinforced by their church (especially the older priest). Theresa's OCD apparently emerged

during this time. Theresa described herself as "picky... I didn't like dirt." Theresa related similar feelings when she thoroughly scrubbed her new home.

There are a couple of aspects to Theresa's presentation. Under stress she may well become more obsessive/compulsive. However, she also seems to be reacting to what she perceives as Samir's lack of sensitivity and emotional support. Culturally, Theresa wished to be perceived as the obedient wife. Another part of Theresa has difficulty maintaining a submissive posture. She wants to be heard.

Theresa believes that her son was sexually abused at church and that Samir touched their daughter inappropriately. From notes of Samir to Theresa from 2009, it appears true that he regretted sexual behaviors exhibited toward her. I don't know whether Theresa is projecting her own experience. The GAL believes that their daughter was being coached. Theresa's declaration of last fall suggests that she wanted to keep the family intact. She wanted Samir to come home.

Theresa has a dependent presentation. She needs someone to rely upon, to take care of her. She was proud of her success at Taco Bell. Theresa couldn't make Samir happy and she was almost totally reliant upon him. Still, she wants to be heard. Theresa felt left out of the discussion when Samir unilaterally (her perception) purchased a home and a business. Theresa is active/dependent (histrionic). What this means is that she is active in securing and having her dependency needs met. Under the stress of not being heard, she can become very compulsive and emotional.

Theresa grew up as a Coptic Christian in a majority Muslim country. She found supportive communities within her own family and within her church. However, it is as if her world became even smaller within this country. Of course, from Theresa's perspective, she has been abandoned by Samir. Theresa does not appear to be in obvious psychological distress at this time. She has the support of her family and her therapist. She no longer has to fulfill Samir's expectations – at least, not as much and not on a day-to-day basis. In some respects, her life is less stressful. Still, the stress remains of not being able to see her children and care for them. Her anxiety and mild depressive symptoms (Adjustment Disorder) should abate as Theresa reunites with her children.

#### **Summary and Recommendations**

At this point in time there is no obvious psychological reason for Theresa not to see her children. The GAL raised concerns about Theresa talking about the case in front of her children. Obviously, this must be discouraged. Hopefully, Theresa will remain in treatment. Theresa is resentful that Samir controls the supervision process. Perhaps she would be more amenable to a case manager overseeing the process of reunification with her children. Hopefully, Theresa would be open to some parenting coaching as a part of the supervision process. Tania Hino, MSW, has assisted me with this psychological assessment in understanding some of the cultural issues. Ordinarily, Ms. Hino wouldn't be considered as a possible parenting coach/supervisor since she has been a part of the assessment process. (She does do similar work for CPS on a contract basis.) It can be an ethical problem to mix rolls. Having said that, it is also understood that exceptions can be made when there are limited resources. In fact, there are many possible supervisors. However, very few would have the breath of Tania's multicultural background.

Any helping professional should have access to the GAL Report and this psychological assessment.

Theresa – I've talked to Samir's attorney about the supervised visits. As the parenting plan gives him authority over selecting the supervisor, he will agree to use – Joy Hulett; and Terry & Camille Anderson. I'm told he works with these people. The other alternative is to use professional supervisors – I have many that I like working with – however you would be responsible for the costs (typically in the \$35-\$50/hr. range) so let me know. Bob,

I gave you three names while I was on my vacation in January. Your client declined to use any of them, despite the fact that my client has tried very hard to get her to commence visitation. She is also welcome to use a professional (the last time we discussed this you told me you had given her two recommendations and she was going to speak with both of them and choose one because she did not like any of Samir's choices). My client has pushed to have the psychological evaluation completed because he wants her to see the children. She is simply refusing to comply with the court order and sneaking around to see the children. As far as I know, Samir has not spoken with Theresa since the trial, so I do not know why she thinks he is insisting he supervise the visits.

Katherine – I've spoken to Theresa and the largest issue is that Samir isn't allowing her to see the children – at all. Under the PP, pertinent section cut and pasted below, he is allowed to select the supervisor. Samir has informed theresa that he (Samir) is the only allowable supervisor. This is unacceptable on a number of different levels.

Please have Samir provide at least three names of individuals who are able to supervise at the times outlined in the final Parenting plan.

Thank you, Bob Miller

Theresa – Unfortunately I do not have contact information for any of the three.  
Typically you'd call to arrange a date/time with them as I don't know there and  
schedule. It is going to get very expensive very quickly if you want me to act as  
man to facilitate this. My advice is to get in touch with them via e-mail, explain  
has designated them and see if they'll agree to set up several sessions at the sa

If that doesn't pan out certainly let me know and I'll do what I can to facilitate.

Katherine – I believe something was lost in the translation. I was (am) not happy with the notation that Theresa needs to contact Samir directly to set up the visits. That is the message that was passed along to me. I had asked for the three individuals contact information for that purpose and was told no. Frankly I don't care who (which of the three) supervises the visits so long as they occur and Theresa should not be required to coordinate through Samir (they are divorced).

Given your suggestion below, I will have Theresa call your office to arrange the sessions.

Theresa will not be seeing the children in any setting other than authorized by the parenting plan,.

Bob,

My assistant said that you were unhappy with the arrangements for visitation for Theresa. It seems that she wants to be able to choose a supervisor from the list. Samir chose three people so that one of them would be available for each visit. It is not reasonable for any one of them to supervise all of her visits. We will be happy to make the arrangements through our office.

Please give us as much notice as possible to arrange the first visit. I would also like a confirming email from you that Theresa will no longer be at the children's bus stop and will stop dragging the children into the litigation.

Thank you,

Dear Theresa:

Please contact our office to schedule a visit time and place. We will provide you the name of the person who will supervise the visit, but we cannot provide you with any contact information for that person. If this will not work for you, please feel free to hire a professional supervisor at your own expenses.

Based on the parenting plan we have in place, "the children shall have supervised visitation with the mother two times per week for four hours per visit, on Wednesdays and Saturdays." Please allow us between 24 and 48 hours in order to arrange and have a supervisor at your visit. Thank you.

I'm having hard time to find any of my friends to  
supervise the visit as of now my only option is to hire  
Gabriela to do it and it will cost \$200.00 for the 4 hour if  
theresa will pay it then we can go a head and do it  
tomorrow at the museum from 10am-2pm  
in the mean time we will look for someone who can do it  
every week  
thanks

you want to see your children, you can either hire  
Gabriela (with you and Samir each paying half) or hire a  
professional supervisor. Regards, Lynne

Katherine – I'm passing this along to Theresa as she has chosen to arrange the visits herself. In responding to the questions though –

■ the PP provides that Samir provide supervisors for the two weekly visits. Theresa cannot (nor is she required) to pay for the supervision. Either Samir provide supervisors for the two weekly visits of four hours each or he will need to pay the professional supervision costs. Theresa has waited long enough for residential time. The court adopted his proposed parenting plan and he needs to arrange for supervisors.

■ I have not yet received the second original Merrill Edge form. As I e-mailed yesterday, one original was delivered and I'm guessing the second original was returned by the legal messenger thinking it was a conformed copy. Given the issues I've had with Merrill I want to submit originals to not elongate the process any further.

■ As for Dr. Schau, I understand he is working on the evaluation but not complete.

I cannot help you complete the intake, the information I need to know has to be provided by you and the rest of the intake information you need to read and agree to

Who is doing your visits on Wednesday's and Saturday's now?  
Or are you talking about what visits have been allowed on Wednesday and Saturday?

Theresa – On the forms, I can't make any changes as they have already been signed by Samir – to change anything we'd need to send them back to have him re-sign. My suggestion is to send them in, see if there are any funds left in the account and deal with another transfer document at that time as this has been pending too long.

On the motion, katie is putting that together and it must be filed by this FRI 4/12 so you will review it and sign it before it's filed. On the contempt you will not be served as we agreed that I would accept service on your behalf. That was in exchange for Katherine continuing the hearing from 4/10 to 4/25 to be heard with our motion. See you at 2PM.

hi i have requested from you to have my visitation with my children by phone after the court oral openion on the 8th of november and you said the father has to be the supervisor and the supervisors are not avaliabe, you refused and wanted me to pay for the supervision.

i have told you i can not afford to pay for the supervision fee. you said you have free supervisors and i agreed to them, you said they are not avaliabe after we agreed. this is only to prevent me from seen my children for months now.

I will have to file a contempt motion with the court if you continue to refuse to let me see my children as the court ordered and the parenting plan said.

Theresa - The Final Parenting Plan does not spell out how the visitation supervisor is to be paid. It is not Samir's responsibility to pay for your supervised visitations. Samir is doing his part by agreeing to pay half of the fee for the supervisor. The "free" supervisors are not wanting to supervise a 4-hour long visitation, or had already made other plans on the date(s) that you wanted the visitation. The Final Parenting Plan spells out a "supervised visitation with the mother two times per week for four hours per visit, on Wednesdays and Saturdays. "The "free" supervisors were merely lay people trying to help the two of you. Our office cannot dictate the conditions of a supervised visit, nor can we force a lay person to supervise a visitation when they are not being paid. Regards, Lynne Tillotson, Legal Assistant
