**Package Description:**

The Supreme Court has fewer than 100 employees. This request will fund merit increases for eligible employees.

**Fully describe and quantify expected impacts on state residents and specific populations served:**

None.

**Explain what alternatives were explored by the agency and why they were rejected as solutions:**

There is no alternative. When necessary, Supreme Court staff served the people of Washington without receiving the merit increments they earned. Most state employees receive annual salary step increases. It is appropriate for the Supreme Court to provide periodic salary step increases for eligible staff.

**What are the consequences of not funding this request?**

The agency cannot absorb the increases. If this request is not funded, salary step increases would be frozen.

**Is this an expansion or alteration of a current program or service?**

This is not an expansion or alteration of a current program or service.

**Decision Package expenditure, FTE and revenue assumptions:**

The request is based on a calculation of the merit increases that are scheduled to occur in the 2023-25 biennium.
