

## Guardianship Program Rules

### 516 Costs

The Board may order a professional guardian to pay costs including cost of the discipline process and any other directly provable expense, including attorney fees as part of the sanctions imposed. A Hearing Officer may recommend the payment of costs. Failure of a professional guardian to pay costs or to pay restitution when ordered to do so, or failure to comply with the terms entered, may constitute additional grounds for discipline. (Amended 2-11-08).
