At the beginning of the Separation
my mental health was an issue
as well as my physical issues
I was being seen since 8/2014
through Labor and Industries.

In this trial it was made fun
of and the Judge was angry
as I was ~~at~~^{on} stay at home

released until 10/31/2022 for the Courts
and not until 3/11/2023 did the
President clear all restrictions.

That's when my Doctor cleared
me. I am still ~~susceptible~~ susceptible
to COVID, Flu, Shingles, etc as I
can not be vaccinated.

The contempt hearing was on 7/19/2022 and nothing regarding our divorce transpired no tax money paid as ordered or motions. Just dates continuing case as my Attorney had an Emergency that I had broken my arm (right wrist) and was sick later with Covid. I still had a fever but followed her orders to show up in court. On 9/21/2022 She was proud to place a disabled police officer in custody and stated she feared for me and my health and safety.

3

Mr. Beld I later was notified
was re-manned that Sunday
I was in custody. He did
not want our kids to visit me
I have not seen Mr. Beld
nor do I, since our separation
he broke the stay away
order. He follows no laws.

I was severely injured and
traumatized to the point

I was over dosed in custody
and taken to ER.

I can not be left alone
I sleep walk panic
and shake all the time

Flashbacks are worse now
than ever. I am unable to drink
