STATEMENT OF ADDITIONAL  
GROUNDS FOR REVIEW

I, David Bolton, have received and reviewed the opening brief prepared by my attorney. Summarized below are the additional grounds for review that are not addressed in that brief. I understand the Court will review this Statement of Additional Grounds for Review when my appeal is considered on the merits.

Additional Ground 1

*Did the court abuse discretion in determining that juror number 5 questioning would elicit information prejudicial in front of the remainder of jurors when separate questioning was warranted? RE: Defendant/Appellant was both biased and prejudiced when potential juror number 5 Mr. Pichus a "wink bidge" as he stated "she had worked for Bob's (son) Ford when he was a pt in the Dept of Corrections, and that he was a good man who would not lie about Mr. Bolton assaulting him etc. That juror would likely determine defendant's guilt or innocence. RE: Defendant believes he was denied a fair and impartial trial. Note: This solution is not proposed.*

Additional Ground 2

*the trial court did not take into account Mr. Bolton's physical ability to pay costs when imposing payment RE: 48-51 RE: 91-92 Defendant/Appellant is a type 1 juvenile onset diabetic who in the last 48 yrs. has been afflicted with complications associated with diabetes; diminished eyesight, severe neuropathy in both legs leading to partial amputation of his right foot and other complications. This makes Mr. Bolton handicapped and covered by the Americans with Disabilities Act. Please note Mr. Bolton's medical files are extensive and too expensive to copy as proof of exhibit unless deemed necessary by this court.*

If there are additional grounds, a brief summary is attached to this statement.
