Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact on the Courts

This bill would reauthorize the Medicaid Fraud False Claims Act. Currently, RCW 43.131.420 would repeal this act on June 30, 2017.

II. B - Cash Receipts Impact

Information received from the Attorney General's office states that there have only been 3 medicaid fraud cases filed in superior court since the Medicaid Fraud False Claims Act became law in 2012. They expect that the number of cases filed could double in 2015 - 2017 biennium and triple in 2017-2019 biennium.

This bill would continue the medicaid fraud false claims act beyond June 30, 2017. The filing fee for these types of cases is \$230. If the medicaid fraud cases triple by the 2017-2019 biennium, there would be 4-5 cases filed per year resulting in \$1150 in filing fee revenue collected by the superior courts per year.

II. C - Expenditures

Information received from the Attorney General's office states that no medicaid fraud cases have gone to trial since the Medicaid Fraud False Claims Act became law in 2012. Therefore superior court expenditure impact would be minimal if any.
