Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact on the Courts

This bill would create an administrative process for the Washington utilities and transportation commission for the retirement of coal-fired electric generation facilities. None of the changes in SHB 2002 would have a fiscal impact on the courts .

Sections with potential court impact:

Section 9(2)(a)(iv) (section 8(2)(a)(iv) in HB 2002) would provide that, if an electrical company or financing subsidiary defaults on any required payment of revenues arising from carbon reduction property specified in a financing order, a court, upon application by an interested party, and without limiting any other remedies available to the applying party, shall order the sequestration and payment of the revenues. This section did not change from HB 2002.

II. B - Cash Receipts Impact

II. C - Expenditures

Part III: Expenditure Detail

Part IV: Capital Budget Impact
