## Part II: Narrative Explanation

#### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact on the Courts

Section 1 would amend RCW 9A.56.320 to explain the intent of the legislation to address financial fraud committed with electronic or wireless devices.

Section 2 would amend RCW 9A.56.320 to add a new provision of unlawful possession of instruments of financial fraud to possess a device that has the ability to capture, read, scan, store, record, transmit, or receive financial information from an access device, with the intent to commit financial fraud.

#### II. B - Cash Receipts Impact

There are potential fine revenues that may result from the bill. Each felony is subject to up to a \$5,000 fine.

There is no data available to predict the number of fines that might be levied as a result of the bill.

#### II. C - Expenditures

There would be potential expenditure impacts on superior courts for hearing additional felony cases that may result from the bill. There is no data to estimate the number of potential cases. Each additional case would require judicial officer time and support staff time to hear the case.

For illustrative purposes it is estimated that there would need to be more than 65 additional felony cases resulting from the bill to exceed \$50,000 in annual court impact.
