## **Part II: Narrative Explanation**

### **II. A - Brief Description Of What The Measure Does That Has Fiscal Impact on the Courts**

This bill addresses the processing of certain motor vehicle-related violations applicable to rental cars .

Section 1 would amend 46.20.270 to remove the exception for rented or leased vehicles from the DOL reporting process for unpaid parking, camera, and toll violations. This has the effect of allowing local jurisdictions and WSDOT to report unpaid parking, camera, or toll violations, for which rental car businesses are liable, to DOL for purposes of withholding vehicle registration renewals applicable to the vehicle at issue.

Section 2 would amend 46.63.073 to clarify that if a rental car business forwards the renter's name and address to the jurisdiction, liability for an unpaid parking infraction transfers to the renter .

The Judicial Information System is not set up to accommodate any party other than the owner of the car as the party responsible for the infraction. Currently a manual process is used by the district and municipal courts to deal with rental car infractions . This manual process would continue to be used if this bill became law .
