Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact on the Courts

This is a clean up bill intended to update statutes and procedures in county clerk offices . Impacts are expected to be less than \$50,000 statewide.

Section 1 would amend RCW 9.41.047. The petitioning party, e.g., prosecutor or mental health professional, in a case that results in entry of an order of conviction or order of commitment for mental health treatment where the defendant/respondent is prohibited from possessing a firearm must provide the court with the defendant/respondent's driver's license, identicard, or comparable information. Only one notification to the department of licensing and the national instant criminal background check system is required under one cause number.

Section 3 would amend RCW 13.50.100 to remove the requirement that truancy cases associated to a juvenile who has no other case history, and records of a juvenile's parents who have no other case history, be removed from the judicial information system (JIS) when the juvenile is no longer subject to compulsory school attendance.

Section 4 would amend RCW 28A.405.330. The filing party, not the clerk of the court, would be responsible for notifying the chair of a school board within ten days of filing of a notice of appeal under this chapter.

Section 5 would amend RCW 46.29.270 and Section 6 would amend RCW 46.29.310. The judgment creditor, not the clerk of the court, would be required to provide notice of nonpayment of judgments to the department of licensing as required by RCW 46.29.310.

Section 8 would amend RCW 13.34.070. In dependency and termination causes of action, the petitioning party, not the clerk of the court, would issue the required summons.

II. B - Cash Receipts Impact

none

II. C - Expenditures

There are likely small reductions in expenditure for county clerks around the state in the form of reductions in staff time.
