Part II: Narrative Explanation

This bill would add a new section to RCW 9A.52 to create new gross misdemeanors and misdemeanors for trespassing to unlawfully collect resource data from privately owned lands.

Part II.A – Brief Description of what the Measure does that has fiscal impact on the Courts

Section 1 – Would add a new section to RCW 9A.52 creating new gross misdemeanors and misdemeanors for a person convicted of trespassing to unlawfully collect resource data from privately owned lands. A person who commits multiple violations may be prosecuted and punished for each violation separately,

II.B - Cash Receipt Impact

No cash receipt impact.

II.C – Expenditures

There is no data available to estimate the number of cases or convictions related to trespassing on private lands to obtain resource data. However, court impacts are expected to be minimal.

The law tables would need to be updated, and new codes for the newly created gross misdemeanors and misdemeanors created by this bill. This could be managed within existing resources.
