Part II: Narrative Explanation

This bill would impose a requirement that in order to vacate a record of conviction for an impaired driving related prior offense, ten years must have elapsed since the arrest for the prior offense.

The bill would require a law enforcement officer to make a warrantless arrest and hold a person suspected of impaired driving in custody when the arresting officer has knowledge that the person is charged with or awaiting arraignment on another offense related to impaired driving.

The bill would create a medical exemption to the requirement that an ignition interlock device restriction is tolled during the time that a person does not have an ignition interlock device on their vehicle.

The bill would require 180 consecutive violation-free days prior to release of an ignition interlock restriction.

The bill would amend the exceptions to the standard penalties for a second impaired driving offense.

The bill would make revisions to the statutes regarding the admissibility of tests for blood and breath alcohol concentration in an impaired driving investigation.

The bill would require courts to notify the Department of Licensing (DOL) of any person who willfully fails to appear after having been notified of a traffic related-criminal complaint.

The bill would allow ignition interlock companies to retain one dollar of the \$20 monthly payments that are made by ignition interlock device users to offset the companies' administrative costs for collecting the payments and remittance of payments to DOL.

No fiscal impact to the courts.

NOTE: This bill differs from 1614 HB:

- Requires ignition interlock users to submit monthly \$20 ignition interlock device payments directly to the Department of Licensing; and
- Redefines the circumstances under which a motor vehicle is "safely off the roadway" for purposes of the defense of the crime of Actual Physical Control While Under the Influence.
- Section 10 is added, removing "citation" and substituting "infraction".

The changes to the bill do not change the judicial impact.
