Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact on the Courts

RCW 71.05.201 would be amended to say (8) If the court enters an order for initial detention, it shall provide the order to the designated mental health professional agency and issue a written order for apprehension of the person by a peace officer for delivery of the person to a facility or emergency room determined by the designated mental health professional. The designated crisis responder agency serving the jurisdiction of the court must collaborate and coordinate with law enforcement regarding apprehensions and detentions under this subsection, including sharing of information relating to risk and which would assist in locating the person. A person may not be detained to jail pursuant to a written order issued under this subsection. An order for detention under this section should contain the advisement of rights which the person would receive if the person were detained by a designated crisis responder.

A new section would be added to RCW 71.05.201 that would mandate that by December 15, 2017, the administrative office of the courts, in collaboration with stakeholders,....shall: (1) Develop a user's guide to assist pro se litigants in the preparation and filing of a Joel's law petition; and (2) develop a model order of detention under RCW 71.05.201 which contains an advisement of rights for the detained person.

II. B - Cash Receipts Impact

II. C - Expenditures

The work in this bill will be completed within existing resources. However, although the work to research, create, modify, or publish forms as a result of this bill may be absorbed as usual and customary work, there is a finite amount of resources available. Small changes may be absorbed and considered "usual and customary", but there is a cumulative effect from multiple bills in a session or over a series of years that can exacerbate the shortage of available resources.
