Part II: Narrative Explanation

A new section would be added to RCW 71.24.580 that would allow a portion of the criminal justice treatment account to provide services to foster increased success in drug courts.

NOTE: The version that passed is different from the original bill by stating that amounts provided in the subsection must be used for treatment and recovery support services for criminally involved offenders and authorization of these services shall not be subject to determinations of medical necessity. This does not change the impact to the courts or AOC from the original bill.

Part II.A – Brief Description of what the Measure does that has fiscal impact on the Courts

RCW 71.24.580 would be amended to state that amounts provided in this subsection must be used for treatment and recovery support services for criminally involved offenders and authorization of these services shall not be subject to determinations of medical necessity.

There is no impact to the courts. There will be some impact to AOC for education, however, this will be completed using existing resources.

II.B - Cash Receipt Impact

No cash receipt impact.
