Part II: Narrative Explanation

RCW 71.05.325 would be amended to state that where the court has made an affirmative special finding under RCW 71.05.280(3)(b) or an affirmative finding under section 9 of this act, the prosecuting attorney shall be entitled to intervene. A notice of decision not to file a new petition for involuntary treatment shall be provided to the sheriff of the county in which the criminal charges against the committed person were dismissed, as well as to the sheriff in the county and the chief of police in the city in which the person will reside.

RCW 71.05.330, RCW 71.05.335 and RCW 71.05.340 would be amended to state that where the court has made an affirmative special finding under RCW 71.05.280(3)(b) or an affirmative finding under section 9 of this act, notice of early release shall be provided to the sheriff of the county in which the criminal charges against the committed person were dismissed, as well as to the sheriff in the county and the chief of police in the city, if any, in which the person will reside.

A new section would be added to RCW 71.05 that would allow the prosecuting attorney to petition the court to enter an affirmative finding for purposes of determining whether changes in commitment status should be reviewed by the public safety review panel. The court shall conduct a hearing on the petition within ten days of the date the petition is filed.

The substitute bill differs from the original bill in that RCW 71.05.325 would have been amended to add that the sheriff of the county as well as the chief of police of the city in which the person will reside would be notified when a person committed is released because a new petition for involuntary treatment has not been filed.

RCW 71.05.335 would have been amended to allow the prosecuting attorney to file a new petition for commitment to begin immediately upon expiration of the current order of a person committed to inpatient treatment.
