Part II: Narrative Explanation

This bill would make it unlawful for a person to possess, purchase deliver sell or possess with intent to sell a tableting machine, encapsulating machine, knowing, or under circumstances where one should reasonable know, that it would be used to manufacture, compound, convert, produce, process, prepare, or otherwise introduce into the body a controlled substance, other than marijuana guilty of a class C felony.

This bill differs from 2375 HB in that it adds a new chapter to 69.50 RCW instead of modifying 69.52.030, 69.52.020, 69.52.040, and 69.52.045, RCW's.

Part II.A – Brief Description of what the Measure does that has fiscal impact on the Courts

Section 1(1) – Would make it unlawful for any person to possess, purchase, deliver, sell, or possess with intent to sell a tableting machine or encapsulating machine knowing or under the circumstances where one reasonably should know, that it will be used to manufacture, compound, convert, produce, process, prepare, or otherwise introduce into the body a controlled substance, other than marijuana.

Section 1(2) – Would make any person who violates this section guilty of a class C felony.

Section 1(3)(a) – Would define encapsulating machine as any machine, manual, semiautomatic or fully automatic equipment that can be used to fill shells or capsules with powdered or granular solids to produce coherent sold contents.

II.B - Cash Receipt Impact

None

II.C – Expenditures

Indeterminate; there is no data to determine the increase in number of cases at the superior or district court level. There would be changes to the law tables and judicial education would be necessary. These impacts would be managed within existing resources.
