Part II: Narrative Explanation

This bill would make various changes to felony sentencing laws.

Part II.A – Brief Description of what the Measure does that has fiscal impact on the Courts

Section 1 – Would amend the definition for pattern of street crime gang activity by removing a felony conviction for offenders 18 years or older with a special finding involving a juvenile drug offense.

Section 2 – Would allow for firearm and deadly weapon enhancements to be run consecutively. A defendant would be able receive good time for the deadly weapon and firearm enhancement time. The standard range multiplier for criminal street gang felony for persons over 18 and encouraged a minor to participate is removed.

Section 5 – Would allow for early release / good time for the impaired driving and minor child enhancement portion of the defendant's sentence.

Section 8 – Would allow defendant's currently serving enhancement time or prosecutor's to petition the sentencing court for resentencing on the basis that the consecutive sentence no long furthers the interests of justice. The court would have discretion to resentence, but the new sentence cannot be longer. The prosecutor must notify the victims before the resentencing hearing.

Section 9 – Would repeal RCW 9.94A.833 (Special allegation—Involving minor in felony offense—Procedures) and RCW 69.50.435 (Violations committed in or on certain public places.

Section 10 – Would provide that the changes in this bill are retroactive and the Department of Corrections must recalculate the defendant's sentences that are affected by this bill.

II.C – Expenditures

Minor forms revisions, and updates to the law tables. Court education would be required. These impacts would be managed within existing resources.
