## Part II: Narrative Explanation

This bill would remove the consideration of prior juvenile offenses when calculating the offender score in adult court. This bill would also allow for those adults whose offender score was increased due to a juvenile convictions to motion the court for resentencing.

### Part II.A – Brief Description of what the Measure does that has fiscal impact on the Courts

Section 2(1)(b) – Would remove the consideration of juvenile offenses when calculating a current adult offender score per RCW 9.94A.030.

Section 2(2)(g) – Would remove language that both adult and juvenile prior convictions would be considered in class A and prior felony sex offenses when calculating the sentencing score for a current conviction.

Section 2(3) through (22) – Would eliminate prior juvenile convictions from consideration when calculating current adult offender sentencing scores.

Section 3 – (1) - Would allow for individuals sentenced for an offense prior to the effective date of this section, and whose offender score was increased due to juvenile adjudications, entitlement to a resentencing hearing upon the offender's motion with the court for relief from the original sentence.

Section 3(2) – Would require the sentencing court to grant a motion for those whose previous offender score was increased due to juvenile adjudications and set an expedited date for resentencing. The resentencing court would be required to sentence the offender without the consideration of their juvenile records.

### II.B - Cash Receipt Impact

None

### II.C – Expenditures

Indeterminate, this bill has a potential to increase court congestion due to the number of offenders who potentially have juvenile prior convictions affecting their current sentence score; although, there is no data to determine what those numbers would be.

This bill would also require changes to the felony and judgment forms and would be managed with existing resources.

## Part III: Expenditure Detail

### III.A – Expenditures by Object or Purpose

	FY 2021	FY 2022	2021-23	2023-25	2025-27
