## Part II: Narrative Explanation

This bill would establish a wind turbine recycling plan for the State of Washington through the Department of Ecology

### Part II.A – Brief Description of what the Measure does that has fiscal impact on the Courts

Section 8(1) – Beginning July 1, 2023 all manufactures, distributors, and retailers may not sell or install a wind turbine blade in Washington unless the manufacturer of the blade is included in a department approved stewardship plan.

Section 8(2) - Would allow the department to inform the manufacturer not participating in a stewardship plan to participate in a plan within thirty days of the notice or face a penalty of up to \$10,000 for each sale of a wind turbine for which a stewardship plan has not been submitted by the manufacturer's designated stewardship organization that occurs in the State of Washington. The manufacturer would be able to appeal the penalty in Thurston County Superior Court.

### II.B - Cash Receipt Impact

None

### II.C – Expenditures

Thurston County Superior is where a manufacturer would file to protest fines imposed by the department on the manufacturer when the manufacturer has sold turbines in Washington without an approved stewardship plan in place. This bill would likely increase costs to the Thurston County Superior Court.

## Part III: Expenditure Detail

### III.A – Expenditures by Object or Purpose

	FY 2021	FY 2022	2021-23	2023-25	2025-27
FTE – Staff Years
