## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact on the Courts

This bill would address the support to children, families, and child welfare workers by improving services and clarifying the child removal process in circumstances involving high-potency synthetic opioids.

Section 108(1)(c) would amend judicial training requirements in RCW 2.56.230 related to superior courts participating in the Family and Youth Justice Court Improvement Program. Within six months of assuming duties in a family and juvenile court, required training topics must also include the risk and danger presented to children and youth by high-potency synthetic opioids, policies and procedures of the Department of Children, Youth, and Families regarding safety and service planning, and the Washington State legal standards for removal of a child based on abuse or neglect.

Section 108(2)(b) would expand the eligible costs family and juvenile courts may receive reimbursement for to include the costs of training to professionals involved in child welfare court proceedings including, but not limited to, attorneys and guardians ad litem.

Section 109 would require the Administrative Office of the Courts (AOC) provide funding to a statewide organization focused on advocating for the best interest of children experiencing abuse and neglect to develop and provide training on a number of topics.

### II. B - Cash Receipts Impact

None

### II. C - Expenditures

To deliver the required training to judges, commissioners, and court partners that would be required under the bill, the AOC's Family and Youth Justice Program would need additional training capacity and pass-thru funding to courts.

The work of applying synthetic opioid information to the existing task dependency professionals have of assessing child safety and developing effective safety plans to keep children in their homes when a parent is struggling with a substance use disorder would include:

Total Costs: FY 2025 \$479,000 one-time, \$470,000 per fiscal year ongoing

Training Resources. The AOC would need to add two additional trainers to develop and provide current, science-based fentanyl and child safety training to judicial officers and other court partners. The new staff would also facilitate cross-system learning events to support community building and respect at the court level.

Safety and Substance Use Training Specialist (Senior Court Program Analyst) and Dependency Court Distance Learning Specialist (Court Education Professional). Beginning July 1, 2024 and ongoing, AOC would require salary, benefits, and associated standard costs for 2.0 FTE focused on training.

Additionally, AOC would need additional travel funding for the staff to support in-person training (\$2,000 per year) and to contract for subject matter expertise in safety and fentanyl/substance use disorder work (\$5,000 per year).

Grant Funding. Within current resources, the AOC only has enough funding to reimburse courts for salary and benefits of local court coordinators. Expanding the eligible costs of the program with the expectation of broadening training to professionals involved in child welfare cases would require \$64,000 each fiscal year ongoing to be granted to participating courts. The funding would cover cross-system convenings including speaker fees, facility and meeting logistic fees, materials, and pro tem coverage.

Pass-Thru Funding. AOC assumes the requirements of Section 109 would be a pass-thru to the Washington Association of Child Advocate Programs. AOC would pass \$60,000 to WACAP each year for regional program trainings for guardians ad litem.

Explanation of standard costs by object:

Salary estimates are current biennium actual rates at Step L.

Benefits are the agency average of 30.59% of salaries.

Goods and Services are the agency average of \$3,600 per direct program FTE.

Travel is the agency average of \$2,000 per direct program FTE.
