# **Part II: Narrative Explanation**

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact on the Courts

This bill would amend RCW 13.40.192 (Restitution and Other Legal Financial Obligations) related to enforcing legal financial obligations (LFOs) for juveniles.

Section 1 would amend the statute to provide that "any debts shall be rendered null and void and considered satisfied and paid in full by July 1, 2025."

Section 2 would allow the Administrative Office of the Courts (AOC) to take necessary steps to ensure this act is implemented by July 1, 2025

#### II. B - Cash Receipts Impact

None, the LFOs are unenforceable so there is no cash receipt impact.

#### II. C - Expenditures

Juvenile case LFOs are managed in the Superior Court case management systems by information from court orders and other pleadings filed in the case, which is the official court file. The official court file is maintained by the local County Clerk's office.

For juvenile case LFOs to be considered "null and void," a court order must be issued. The AOC cannot modify or adjust official court file data without permission granted by the County Clerk. Therefore, adjustments to the juvenile case LFO must be completed at the local level by the County Clerk.

Based on recent reporting on juvenile case LFOs from the Washington State Center for Court Research, there are an estimated 143,000 cases to be reviewed for adjustment.

#### IMPACT TO THE ADMINISTRATIVE OFFICE OF THE COURTS

This bill would not have any fiscal impact to the AOC. Section 2 of the bill directs the AOC to "take necessary steps" to ensure the bill is implemented. However, all of the implementation work will reside with the Superior Courts and County Clerk offices.

#### IMPACT ON COUNTIES

#### **Superior Courts**

This judicial impact note assumes that Superior Court judicial officer time would not incur additional workload because juvenile LFOs have already been considered null and void.

County Clerks estimate the time to validate LFO case information for eligible cases and make the necessary account adjustments could take between 45-60 minutes. For the purposes of this judicial impact note, the assumption is an average time of 53 minutes on 143,000 cases. All costs are assumed in FY 2025, but it is unlikely that full implementation date or deadline could be met by the County Clerks.

County Total: \$6,181,000

County Clerk Staff Costs

53 minutes multiplied by 143,000 cases divided by 60 min per hour = 126,317 hours

126,317 hours divided by 2,088 hours per FTE = 60 FTE

60 FTE multiplied by \$88,900 per FTE = \$5,375,000

County Clerk Operating Costs 60 FTE multiplied by \$13,300 = \$806,000
